CLAIM GEN. CARRANZA WILL LEAVE MEXICO

Opponents Charge General Is Preparing To Leave Country

Fact That Mrs. Carranza and Wife of Gen. Obregon Have Crossed Border Into U. S. Apt to Be Construed as Confession of Weakness

WASHINGTON, Oct. 24—Charges that General Carranza is preparing to leave Mexico are being freely made by his political opponents in Mexico City. They are based upon his decision to leave his capital for Queretaro, and the fact that Mrs. Carranza already has crossed the border into the United States accompanied by the wife of her husband's war minister and chief supporter, General Obregon.

A Political Blunder

Information to this effect is reaching officials here from various reliable sources. So far nothing tangible, tending to support the story has come thru official channels. It is known, however, that many officials here believe General Carranza has committed a political blunder at least if he is not in fact preparing for flight, by permitting his family to leave Mexico just at this time. The trip, they say, was certain to be construed by his followers as a confession of weakness. The purpose of the visit of Mrs. Carranza and Mrs. Obregon, as explained at the Mexican embassy, is for a tour of the United States.

Receive No Word of Departure

The state department had not received tonight word that Generals Carranza and Obregon had left Mexico City for Queretaro. Previous advices, however, said that the first chief would go to that place in connection with the meeting of the constitutional convention for which delegates were elected last week This is the only explanation obtainable here for Carranza's departure from his capital.

Reports Have Been Persistent

Persistent reports that Carranza was about to leave Mexico have been in circulation along the border for some time in connection with reports that his control of the political situation was growing weaker.

Presence Not Understood

The main point urged by General Carranza in asking for the withdrawal of American troops from Mexico was that their presence on Mexican soil was not understood by the Mexican people and hindered his efforts to establish a civil government. The Mexican commissioners at Atlantic City have presented this view to their American colleagues but so far have not succeeded in convincing the Americans of the ability of their government to protect American border life and property should the troops be withdrawn. It has become increasingly apparent here that the continuance of disturbed conditions thruout Mexico is operating against the commissioners in their effort to reach a solution of the border problem.

WILL URGE BILL TO LEGALIZE HORSE RACING

Promoters Claim Sentiment Favors a Revival of the Sport.

Peoria, Ill., Oct. 24.—A campaign for the passage of a bill in the next legislature, legalizing horse racing and the pari muteul betting system is to be started soon after the election, according to down-state race horse men.

Louie Peters, promoter of the Hawthorns and Peoria running meets last season, has been here for several days in the interest of the bill.

"Sentiment thruout the state favors a revival of the sport," he said today.

The passage of this new law will give running races next season to Chicago, Peoria, Joliet, Aurora and Rock Island, say the backers of the bill. One or two other cities might be added to the list.

DISCUSS PLANS TO INCREASE REVENUE

Chicago, Oct. 24.—Plans for increasing newspaper revenue to meet the increased cost of print paper and other supplies were discussed today at a special meeting of the Inland Daily Press Association.

"We have already increased the prices of advertising and subscription," said W. V. Tufford of Clinton, Iowa, secretary of the association, "and further increases may be necessary."

WEATHER INDICATIONS AND TEMPERATURES.

Illinois: Rain and colder Wednesday; Thursday fair.

Temperatures.

The current, maximum and minimum temperatures as recorded for Tuesday were:

Jacksonville	60	61	47
Boston	50	54	40
Buffalo	44	50	53
New York	56	60	46
New Orleans	68	76	58
Chicago	52	52	45
Detroit	48	50	44
Omaha	38	38	36
St. Paul	42	46	24
Helena	50	54	42
San Francisco	60	70	48
Winnipeg	36	42	30

TWO SENSATIONS HIT PEORIA BOARD

Illinois Corn Sells for $1.00—Large Shipment of Argentine Corn Enroute to Peoria Commission House

Peoria, Ill., Oct. 24—Two sensations struck the board of trade here today. The first was Illinois corn selling for $1.00 per bushel and the second that a large shipment of Argentine corn was enroute to a local commission house.

First Shipment Expected Today

The first shipment of Argentine corn is expected to arrive here tomorrow morning, and will be offered in competition with grain grown in Illinois. The first hint that Argentine corn would be placed in competition with Illinois corn came yesterday when an agent arrived and began taking orders for the Argentine product. It is claimed that Argentine corn has an advantage over Illinois corn for the first four months after harvest because of its lack of moisture. Illinois corn shows 23 per cent moisture up to that time whereas Argentine corn shows but 11 per cent. The difference amounts to ten cents a bushel for manufacturing purposes in favor of the imported corn.

Distillers Heavy Buyers

It is understood here tonight that the imported corn will be used by local concerns which have large contracts for the manufacture of alcohol for the allies. Local distillers have been the heaviest buyers in this market for the past several months.

PENETRATE GERMAN LINE NEAR VERDUN

French Gain Distance of NearlyTwo Miles from Teutons

Offensive Delivered as Counter to Advance of Teutonic Allies in Dobrudja Region of Rumania—VonMackenson Takes Many Prisoners.

Switching their offensive from the Somme region in France—possibly as a counter to the advance of the Teutonic allies in the Dobrudja region of Rumania—the French have smashed the German line north and northeast of Verdun over a front of four and one third miles, penetrating it along its entire length, in the center gaining a distance of nearly two miles. Preceded by a violent bombardment such as marked the great attacks and counter-attacks during the days when Verdun was the focal point in world interest, the offensive was delivered apparently from the eastern bank of the Meuse river near Bras, eastward to the Damlop battery.

Capture More than 3600 Prisoners.

When night fell the village and fort of Douaumont in the center were in the hands of the French, while on their left wing Frenchmen had pushed beyond Thiaumont and captured the Haudromont quarry and taken up positions along the Bras-Douaumont road. On their right wing considerable progress also had been made from Douaumont to Damlop. More than 3,600 prisoners and quantities of war material were captured by the French.

Teutons Win in Dobrudja Region.

In the Dobrudja region of Rumania the Germans, Bulgarians and Turks are giving no rest to the Russians and Rumanains, who continue to retreat along the entire front from the Black Sea to the Danube river, altho at some points they are vigorously opposing the advance of the invaders . Rachova on the river a short distance below Tchernavoda, and Medjidie, on the railway midway between Tchernavoda and Constanza have fallen into the hands of the Teutonic llies. In the latter region cavalry is pursuing the retreating Russo-Rumanian forces well to the north of the railway line. More than 6,700 prisoners have been taken by Field Marshal VonMackensen.

Turkish Submarines Busy.

Constantinople reports the operations of Turkish submarines in the Black Sea off the Rumanian coast in the sinking of a three thousand ton Rumanian transport and sailing supply ship gound for Constanza with provisions.

Rumanians Capture Prisoners.

Predeal to the southward of Kronstadt on the Transylvania front, has been captured by the Austro-Germans, according to Berlin, and the resistance of the Rumanians in the Rothenthurm pass, south of Hermannstadt, has been broken. Buchrest announces that in an attack along the entire Oituz region, the Rumanians captured several hundred prisoners and ten guns.

From the Baltic sea to the Carpathian mountains a period of comparative calm has again set in.

On the Austro-Italian front the Austrians and Italians at various points, especially on the Asiago plateau in the Sugana Valley in the playa sector of the middle Isonzo, and on the Carso front are vigirously bombarding opposing positions.

Floods on Struma Front.

The Serbs in the Cerna region of the Macedonia front have put down a German-Bulgar attack and themselves delivered a thrust which was rewarded by the capture of several trenches. In the Doiran sector the British also captured a Teutonic allied trench. Floods are interfering with the operations on the Struma front.

CHURCH TAKES STAND ON LIQUOR QUESTION

Episcopalians Consider Liquor Traffic for First Time

Report Shows Church Has Over 1,080,000 Communicants---Parishes and Missions Number 8,341—Controls Endowments Aggregating $55,000,000.

St. Louis, Mo., Oct. 24.—For the first time in the history of the church according to well informed leaders, a stand on the liquor traffic was taken here today in the general convention of the Protestant Episcopal church. A resolution adopted by the house of deputies, placed the church on record as favoring "such action in our legislative assemblies as will preserve the interests of temperance and the repression of the liquor traffic."

Action Outgrowth of Memorial.

The action was an outgrowth of a memorial asking the convention to record itself as favoring nation-wide prohibition submitted by the church temperance society thru Francis L. Stetson of New York. Prohibition was not specifically mentioned, however, in the resolution as adopted.

The saloon was scored in the report of the committee headed by Rev. James E. Freeman, of Minneapolis, Minn., which considered the memorial.

Resolution Referred To Committee.

Temperance was discussed for a second time in the house of deputies later in the day when Rev. G. L. Tucker of Louisiana introduced a resolution which, if adopted, would appeal to all the people of the church "to set the example of self control and temperance by abstaining from the use of liquor as a beverage, especially at public functions and social gatherings."

This resolution was referred to the committee on public service. A report showing that the church has more than 1,080,000 communicants and 5,700 clergymen was presented to the house of deputies by the committee on the state of the church.

Report Shows Increase.

Baptism, the report showed have increased by about 12,000 and affirmations by about 14,000 over the preceding triennium. Parishes and missions number 8,341 and the total number of church buildings is 7,310.

Average Income $20,0000,000.

The report added that the church controls endowments aggregating $55,000,000, many educational and charitable institutions and has an average income of more than $20,000,000 a year.

To Study Rural Problems.

Several steps looking ahead to the next general convention were taken today in the house of deputies. A commission was appointed to make an investigation of the conditions of living in rural communities and a study of the spiritual and economic problems of the farming people. This commission will report in Detroit in 1919.

House Rejects Proposal.

A proposal to appoint an economical architectural commission to work for a more uniform standard of architecture in the Episcopalian churches of the country was rejected by the house.

WILL RETURN OLD TIME REPUBLICAN PLURALITY

Manager Hert Issues Statement Replying to Democratic Claims Regarding Illinois.

Chicago, Oct. 24.—Alvin T. Hert, manager of Western Republican National Headquarters, issued a statement today, saying:

"The attempts of the Democrats to claim Illinois as a doubtful state is without any basis in fact. Illinois will return one of its old time Republican pluralities next month."

William H. Taft will deliver a number of speeches for Hughes and Fairbanks in the central states during the next two weeks. He will speak in Huntington, Ind., Oct. 25; St. Louis, Mo., Oct. 26; Cedar Rapids ,Oct. 27, and Jackson, Mich., Oct. 28.

FORD PLACES WOMEN ON PAY EQUALITY WITH MEN

Automobile Manufacturer Takes Step Regarding Factory Workers After Talk with President Wilson.

Long Branch, N. J., Oct. 24.—Henry Ford, the automobile manufacturer announced after a conference with President Wilson today that as a result of an inspiring talk, he had with the president two weeks ago, he had established the women workers in his plants upon the same pay basis as the men.

Mr. Ford authorized the following statement:

"I had the pleasure to inform President Wilson this afternoon that I had established the women workers of my plant at Detroit and in the branch factories in other cities upon a pay equality with the men workers. I took this step following my conference with the president more than two weeks ago and I did so because of the inspiring talk I had had with Mr. Wilson on the forward movement among womankind. This principle is now in operation and I look forward with complete confidence to its vindication."

Will Publish Advertisements.

Mr. Ford came here late today to show the president advertisements supporting the Wilson administration which he plans to have published prior to the election. When he stepped off the train and was asked why he came to Shadow Lawn, he replied:

"To get on the Wilson band wagon."

ADVOCATES REPEAL OF HAY MILITARY BILL

Roosevelt Speaks in Denver—Addresses Primarily to the Women of the Colorado.

Denver, Colo., Oct. 24.—Pleas for universal military training and criticism of President Wilson for "debauchery of the civil service" characterized the address here tonight of Colonel Theodore Roosevelt, the principal one of a trio of speeches made in the course of his one day stay in Denver. Colonel Roosevelt advocated repeal of the Hay military bill and the restoration of the militia to its former status.

Speaks Primarily to Women.

The colonel divided his afternoon speech, which primarily was to the women of the state, between an appeal to them to vote for Charles E. Hughes for president and a sharp criticism of the administration's foreign and Mxican policies. He declared the passage of a constitutional amendment enfranchising women was the most practical and expedient goal for the suffragists now and asserted Mr. Hughes would maintain his announced stand in favor of this amendment. Late this afternon Colonel Roosevelt spoke briefly to the members of the "Hughes' Women's Special" campaign party which arrived late today. The colonel told the women's meeting that if he had been President and had sent President Wilson's "strict accountability" message to Germany "there would have been no more ships sunk—unless there was a fight afterward.

"If I had been president then," he said, "I'd have seized every interned German ship and then I'd have said to Germany, 'now we'll see not what you are going to give as compensation for this but what we are going to give you.'

"I abhor unjust and unwanton war. But if it were necessary to protect our women and children, I'd have gone to war. When I was president and Germany wanted to assume control of part of Venezuela 'temporarily,' I got Dewey and had every ship in the fleet ready down sout hof Porto Rico. And I got the arbitration I asked for because Germany knew I meant what I said.

"Just as sure as other nations get the impression that we are "too proud to fight' this nation will have to go to war."

AMBASSADOR GERARD CONFERS WITH PRESIDENT

Discusses Different Phases of Situation Involved in His Work in Germany With Wilson.

Long Branch, Oct. 24.—James W. Gerard, American ambassador to Germany, came to Shadow Lawn today to discuss with President Wilson what the ambassador characterized later as "every phase of the situation involved in my work at Berlin."

He lunched with the President and remained with him afterward for more than two hours.

Will Take No Part in Campaign.

The ambassador said he planned to remain in this country until after election, but would take no part in the presidential campaign. He talked freely with reporters about various phases of the German situation, but refused absolutely to be quoted or to allow the publication of what he said.

"I am representing the whole nation and cannot mix in politics," he said.

Mr. Gerard would not say specifically that he had discussed the submarine issue or peace with the president, but in reply to each direct question replied:

"We discussed the entire situation."

He did say, however, that it could be taken for granted that he would not be away from his post if he believed any immediate emergency was threatening.

The ambassador said he expected to see the president again before leaving for Berlin.

Boy-Ed in Admiralty Office.

Ambassador Gerard said the German emperor was seldom in Berlin but spent most of his time on either the western or the eastern front. The ambassador is understood to have gone over details of conditions in Germany with the president. He said that Captain Carl Boy-Ed, former naval attache to the United States was in the admiralty office when the ambassador left for the United States.

PREPARE FOR STRIKE.

London, Ont., Oct. 24.—Preparations are being made here tonight by Canadian Pacific railway trainmen for a strike. Orders were said to have been given for them to walk out at 5 o'clock tomorrow morning.

GET WAGE ADVANCES.

Kewanee, Ill., Oct. 24.—Several thousand employes of the Boss Manufacturing company, operating eighteen factories in New York, Ohio, Indiana, Illinois, Iowa and Missouri will be affected by a 15 per cent advance in wages and a fifty-hour week, announced at the general offices here today.

REMOVED FROM BLACKLIST

Washington, Oct. 24—The state department was informed today that the Petroleum Products company of San Francisco had been removed from the British trade blacklist. A total of American firms blacklisted is now not over thirty. The British reply to the American note protesting against the blacklist which had been expectd daily has not yet been received.

AMERICANS SLAIN IN SANTO DOMINGO FIGHT

Gen. Batista of Rebel Forces Is Also Killed

Engagement Follows Attempt by Americans to Arrest Batista, Who Resists and Orders Attack on United States Forces.

SANTO DOMINGO, Oct. 24.—In an engagement between American troops and rebel forces today General Ramon Batista was killed. Several Americans also are reported killed, including two officers and one American officer was wounded.

The names of the American officers killed were given as Captain William Low and Atwood. Lieutenant Morrison was wounded.

Rebels Eventually Defeated.

The American commander attempted to arrest General Batista, who resisted and ordered an attack on the American forces. Fighting continued for a considerable time, but the rebels were eventually defeated.

The engagement took place opposite Santo Domingo City and caused somewhat of a panic in the capital. Reinforcements were sent there to aid American trops in maintaining order. The number of killed and wounded in the fight is at present not known.

A revolt occurred in the Dominican army several weeks ago, but American marines and bluejackets soon had control of the situation. They were reinforced with American troops from Port Au Prince, Haiti.

The available naval lists make no mention of Captain Atwood, who is reported as having been killed. Captain William W. Low was attached to the first brigade of marines, stationed recently at Port Au Prince.

Lieutenant Victor I. Morrison is listed as attached to the first brigade of marines.

Believed Work of Small Band.

Washington, Oct. 24.—No report on the fight in Santo Domingo had reached the navy department tonight, but officials assumed that the latest outbreak was the work of a small band of rebels who recently revolted from the Dominican army and that it did not presage any general attempt at disorder. Last reports from the islands told of comparative quiet thruout the republic where the American marine forces are busy organizing the native constabulary, which is to police the country under the direction of American officers.

FILES SECOND SUIT FOR LIBEL AGAINST M'CORMICK

O'Leary Files Action for $100,000 Based on Statements Made Monday.

New York, Oct. 24.—Vance C. McCormick, chairman of the Democratic national committee was served late today with a summons and complaint in a second suit for libel brought against him by Jeremiah A. O'Leary, one of the heads of the American Independence conference. The action which is for $100,000 is based on a statement Mr. McCormick is said to have given to the newspapers on Monday. This statement ,it was asserted was in connection with charges by the Democratic national committee that a secret agreement was made between O'Leary and his associates and Charles E. Hughes, Republican presidential nominee by which Mr. Hughes made speeches to conform to "demands" of the American Independence conference.

Basis of First Suit.

O'Leary first suit against the chairman of the Democratic national committee was based on a statement Mr. McCormick was said to have made concerning O'Leary after the latter had sent a telegram to President Wilson criticising his administration. The president in substance said to O'Leary that he would "feel deeply mortified" if O'Leary or anybody "like you" voted for him.

Issues "Third Installment."

The Democratic national committee issued its "third installment" of charges involving Mr. Hughes and the American Independence conference. What purported to be "confidential committee reports" were made public and were declared to "reveal in detail the secret purposes, plans and scope of the racial, political organization promoted by Jeremiah A. O'Leary and his associate propagandists.

MEDICAL EXAMINERS ARREST CLERGYMAN

Charge Episcopal Minister With Diagnosing Without a Medical License.

San Francisco Cal., Oct. 24.—The right of clergymen to minister to the ills of the body as well as to those of the soul in California may be tested before the state supreme court. attorneys indicated today, in the case of Rev. Parker Boyd, whom inspectors for the state board of medical examiners arrested yesterday as head of the Emmanuel Health institute on a charge of diagnosing without a medical license.

The health institution here is part of the Emmanuel movement in which various clergymen of the Episcopal church are interested and is described as a suggestive therpeutic treatment in historical ills.

The defendant plans to carry the case thru the higher courts for a test.

WATCHMAN IS ACCUSED OF THE MURDER OF FIVE

Thomas Metzler Arrested at Chester For the Murder of Coulterville Family.

St. Louis, Mo., Oct. 24—Accused of the murder of a family of five whose charred bodies were found in the ruins of their home near Coulterville, Ill., on May 5th, 1910, Thomas Metzler, a watchman, was removed to Chester, Ill., today for trial following his arrest here.

Metzler was removed to Chester by Sheriff Weaver of Randolph county ,Illinois, who said Metzler had been indicted there on the charge. Metzler denied any knowledge of the crime. He was arrested at his home here last night.

Douglas Home is Burned

The victims of the supposed murder were George Douglas, his wife and three children, ranging in age from four to eight years. Their one story frame house was mysteriously burned. It is the theory of officials that an incendiary fired the house to destroy evidences of crime.

Robbery Given as Motive

The day before the fire, Douglas had withdrawn several hundred dollars from a bank. Robbery, say authorities, was the motive for the alleged crime.

Sheriff Weaver said today that Metzler, who then lived in Coulterville, moved to Sparta, Ill., after the house was burned, and later spent two weeks at Cutler, Ill., negotiating with a man named Carter about going into business. The indictment was returned, he said on testimony given before the grand jury by Carter's wife.

RAINY WEATHER DELAYS BRITISH OFFENSIVE

Artillery Preparation Necessary for Attack Impossible

Bloodiest and Fiercest Fighting Proceeds All Day Tuesday About Le Transloy—Discomfort and Mud and Wet Seem to Make Both Sides More Bitter.

Copyright, 1916, Associated Press.

BRITISH FRONT IN FRANCE Oct. 25, 12:50 a. m.—Via London, Oct. 25, 2:50 a. m.—The British are saying that if the Germans had ordered the weather it could not have suited their purposes better than during these last two days of persistent rain, which has turned shell craters into bowls of porridge, made trench sides fall in, kept every stitch of clothing of the men in the front line saturated and made the field across which charges have to be made as slippery as glass where there are not mires.

Gunners Face Walls of Mist.

Sunday and part of Monday, with clear cold weather which let the gunners see their targets, the soldiers were swinging their arms to keep warm. Now the gunners stare out in the walls of mist and the soldiers who have been in the trenches look like balls of mud. Artillery preparation necessary for attack is impossible without visibility, and, as one gunner said, the visibility is so low that the tanks will have to use fog horns to prevent a collision if they go wandering across the uncharted craters. The Germans in their machine gun positions need only enough visibility to see a few hundred yards.

Fighting Fierce and Bloody.

But about LeTransloy, where the British attacked Monday over a narrow front and took about a thousand yards of trenches, the bloodiest and fiercest kind of fighting has been proceeding all day (Tuesday). The utter discomfort and the mud and the wet seem only to make both sides more bitter.

Britons Face Veteran Regiments.

Against the British here are the veteran German regiments which took Fort Vaux and Douaumont at Verdun—now as savage in defense as they were in attack last spring. The trenches in this region have names appropriate for the weather and the season, such as "Misty Trench," 'Hazy Trench" and "Stormy," "Cloudy," "Windy," "Spectrum" and "Orion" trench.

Germans Mainly on Defensive.

The Germans have been making no attacks, except counter attacks, aiming to drive the British out when they got ground in any one of these trenches. The men on both sides wallowing in the mud striving to keep up some form of cover from the shell fire and against the fire of machine guns, which other wallowing men strive to keep from foundering while trench mortars splash fountains of mud over them.

REGAIN ALL LOST GROUND.

London, Oct. 25.—Military experts here point out that the French coup at Verdun has regained virtually all the ground lost in the second battle of Verdun. This was accomplished with lightning suddenness in a single day, whereas the Germans occupied nearly two months in wresting this ground from the French.

ANNOUNCE SINKING OF BRITISH STEAMER

London, Oct. 24.—Lloyds announces the sinking of the British steamer Barbara and the Norwegian Snested and the torpedoing of the Danish steamer Gulburg. The Danish schooner Liberia has been set on fire by a German submarine.

WANTS SUPPORT OF AMERICANS ONLY

Hughes Addresses Three Meetings In New York

Republican Presidential Candidate Does Not Want Support of Anyone Who Has Any Interest Superior to That of the United States.

NEW YORK, Oct. 24.—Charles E. Hughes tonight told an audience that crowded Scheutzen Park Hall in Queensborough that he did not want the support "of any one who has any interest superior to that of the United States, who would not instantly champion the right and interest of America against any country whatever, who wants immunity for foreign aggression, or would have the power of this nation held captive to any foreign influence or swerved by alien machinations."

Mr. Hughes' declaration was made at the first of three meetings at which he spoke in New York City tonight. The other two meetings were held in Harlem and the Bronx.

An Exclusively American Policy.

"It is hardly necessary to say that if I am elected," Mr. Hughes declared, "we shall have an exclusively American policy in the service of American interests. I have no secret understanding, no unstated purpose. If any one supposes that in case of my election the rights and interests of American citizens will be subordinated to any ulterior purpose or to the interest of policies of any foreign power whatever, he is doomed to disappointment.

Free of Foreign Entanglements.

"I am an American, free and clear of all foreign entanglements. We propose to have an administration, an American administration which, while dealing with all nations on a basis of the most absolute fairness, will maintain unshakingly American rights on land and sea.

Believes People Patriotic.

"We shall not tolerate the use of our soil for foreign intrigue. We shall not permit threats from any quarter or any foreign influence to swerve us from our action. I believe that the great mass of American people are sincerely patriotic.

"I said long ago in my speech of acceptance that whether native or naturalized, of whatever race or creed, we have a common country and we could not tolerate a divided allegiance.

"I desire the support of every true American who stands for my principles whatever his race, and I do not want the support of anyone who has any interest superior to that of the United States. The United States must be supreme.

Wants Votes of Americans Only.

"And as to any who would have an allegiance that is not single and complete, as to any who would not instantly champion the rights and interests of America against any country whatever, as to any who would seek immunity for foreign aggression, or who would have the power of this nation held captive to any foreign influence or served by alien machinations, let them not vote for me."

Repeats Declaration.

The nominee repeated this declaration at both the subsequent meetings. He had prepared it in advance and its delivery at the three meetings there were only minor changes in its phraseology. Tonight's meetings virtually marked the opening of the campaign in New York City, so far as Mr. Hughes personally was concerned.

In his second speech and again in the third, Mr. Hughes tonight urged his audience to support the state ticket. At the meeting in the Bronx, he was welcomed with such applause that the chairman tried in vain for several minutes to introduce him.

Faces Great Crowd.

Mr. Hughes faced an audience, which had listened for more than an hour to other speakers. The hall was crowded with every seat taken and many standing in the aisles.

"I recall vividly," he said, "the days of not so long ago when it was my privilege to appear in this place when I was entrusted with executive responsibility in this state. I have no promises to make now, so far as fundamentals are concerned, that I did not make then. As I was then, I am now . I desire so far as in my power lies to do what can be done to upbuild the prosperity and safeguard the honor of the United States."

Before this audience, as before the audience in Harlem, Mr. Hughes endorsed the Republican platform plank declaring for a treaty with Russia, "that will recognize the absolute right of the expatiation and prevent all discrimination of whatever kind between American citizens, whether native born or alien."

In this connection Mr. Hughes said:

"We are devoted to the principle of civil and religious liberty and we cannot recognize any racial or religious discrimination with respect to the privileges of our citiezns whether at home or abroad.

"The Republican party also renews the pledge to maintain the right of asylum which is neither to be surrendered nor restricted. We obtained liberties established by those who fled from religious and political persecution and we have the deepest sympathy for all who seek a place of refuge from oppression."

Must Recognize Responsibilities

We welcome those who seek the opportunities of American freedom and on the other hand we insist that they shall recognize their responsibilities. We must wisely promote all agencies of Americanization. We can permit no divided allegiance, no al-

Senator Hull Busy In Campaign.

Morton D. Hull, who a few hours after it was certain that Col. Lowden had won the Republican nomination for governor, telegraphed his congratulations, has just given evidence of his sincerity by taking the stump for the ticket. He began a series of speaking engagements last night in Chicago and will certainly be able to give Colonel Lowden and associates some substantial assistance. Senator Hull's record in the legislature was notable for the disinterested public service and his name was closely identified with several meritorious reform measures. It was with interest, therefore, that the public received his statement following Colonel Lowden's nomination, that it would be his pleasure to give every aid within his power in making the Lowden administration a success.

Working Both Ways.

One of the big Chicago papers is carrying a page of special advertisements and Chicago citizens are urged to buy the products mentioned because they are made in Chicago. This idea has been the slogan in smaller cities for a great many years but how the policy can be consistently applied to Chicago it is difficult to understand.

While Chicago business houses enjoy immense patronage from the residents of that city, there are many businesses conducted solely for the purpose of gathering the shekels from the country districts. If the big merchants get to the point where they seek all possible business from down state and then urge their own residents to buy only Chicago made goods, the acme of selfishness has been reached.

Police Department Standards.

Nothing gives a better idea of the modern equipment now at the command of police forces in the great cities in their work in protecting the public than the automobile which has recently been added to the service in New York. This car is equipped with complete wireless devices and in time of very great danger or alarm since practically all of the police stations have wireless apparatus the new car can be used for giving alarms or sending messages to the various departments of the service.

While the equipment efficiency of city police departments thus develops from year to year, it does not seem to outstrip the growth of crime nor to vastly improve the moral standards of police. It is a regrettable thing that so frequently there are charges of graft and corruption in the police departments, not only of the great cities but those of lesser size. Frequently, no doubt, these charges are unfounded but they nevertheless do a certain amount of damage to the public morals.

Secretary Baker and Patriotism.

Secretary Baker, who has been looked upon as one of the strongest members of President Wilson's cabinete, altho his tertm of office has been brief, certainly made a bad break politically and otherwise in his Jersey City speech when he likened Carranza and his followers to the patriots of our early days. It would relieve the situation somewhat if the secretary would come out with a statement that he did not mean what he said, or that the lines were spoken hastily without due consideration of the comparison he was making.

Thus far there has been no satisfactory explanation and while President Wilson could hardly be expected to follow the suggestion of various patriotic societes and ask for Mr. Baker's resignation, he must nevertheless recognize the injustice done to American patriotism. Without question the president will recognize the injury done to his own administration.

Public Improvements Mean Growth.

Any Jacksonville citizen who is opposed to public improvements and who thinks that paving of streets and the development of municipal properties is not worth while should visit Springfield and make a trip thru the city and its suburban territory. In ten or fifteen years' time Springfield has grown in a remarkable way and now its business streets have the bustle and hurry of a metropolis. Miles and miles of paving have been done each year and the attention given to the roads in some outlying districts is noteworthy. The business men recognize how important a factor road conditions are as related to their business. The coming of interurbans brought rapid development for the capital city and good road approaches are only secondary in importance.

The park system has been rapidly developed and the water works plant located five miles northeast of the city has been completely rebuilt since 1914. There a splendid plant, modern in all its equipment, is furnishing a supply of water vastly improved in quality by comparison with that available a few years ago. The plant has not only a capacity for furnishing the big daily supply needed, but in every department there is reserve equipment so that the city is ready for every emergency. The people of Springfield made possible these improvements and the majority of the citizens were enthusiastic about the work when it was projected and as it progressed to its present state of high efficiency.

Rippling Rhymes
By WALT MASON

Root of Evil

When I have got a goodly wad, I say that wealth's an empty gawd, a cheap deluding snare; with fluent tongue and aspect wise, I stand around and moralize, and roast the millionaire. I look with sorrow and disdain on those who sweat and strive and strain to get another plunk; I tell them money is but dross, a sordid dream, a total loss, a worthless lot of junk. But when I've had some small reverse, that makes my roll look sick or worse, on lucre I am bent; I hustle till I melt my fat, and you may see me break a slat, to nail another cent. Forgotten all the platitudes that I dispensed in lofty moods, in times when I was flush; forgotten moral saws, and every text that ever was, as I pursue the cush. And when I've made a roll again, I sternly lecture weary men, and chide them for their greed, for striving for the picayune, and say the trail behind them's strewn with morals gone to seed.

Facts Presented Fairly

When F. W. Beattie, an excellent type setter and a former Democrat, started to set the contents of the pamphlet entitled, "Hughes or Wilson" issued by the Hughes National College League, 511 Fifth Avene, New York City, he was strongly in favor of the re-eletcion of President Wilson.

After setting the first page or two, according to his own statement, he was impressed by the fair way in which the facts were presented. When he had set another page, his belief in Wilson began to waver. Then he stopped setting and read the pamphlet thru to the end. The final period of the pamphlet put a period to his belief in the president, and he announced that he would vote for Governor Hughes.

"I am not surprised," was the comment of George Brokaw Compton, National Campaign Manager of the League, when told of this incident. "The pamphlet is our answer to all those who have asked for the reasons why they should support Governor Hughes, and I believe that it is irrefutable."

PLAIN QUESTIONS.
(Globe Democrat.)

Are we a nation of poltroons? On the 7th of November we are to answer this question with a yes or a no. The Globe-Democrat believes it will be a "no" so strong, so emphatic that it will resound from sea to sea, and its reverberations wil tingle in the ears of the whole world. But the question is before us. The Democratic campaign is being made upon the new conception of nationalism, that timidity is the supreme virtue and vacillation the highest proof of directive intelligence. The people are asked to support a candidate whose course has been one of wavering, faltering and retreat; who has at no time taken a firm, determined stand for American rights and American interests, except in words that were belied by deeds or by inaction; who has permitted the destruction of American lives and American property in other lands without a serious attempt at their protection, without an earnest effort toward reparation; who has established the principle that Americans residing abroad are vagabonds who have no proper claim upon the power of their government, who have no rights the administration is bound to respect; who has caused the American Congress to abandon its independence and to legislate under the compulsion of fear. In no instance has Woodrow Wilson displayed the quality of courage under circumstances that required courage. The banner of the Democracy in this year of 1916 should be a white flag and upon it should be emblazoned the inspiring watchword, "Surrender."

Does this represent the "new spirit" of America? Is the America of the future to be a spineless creature that jumps at every shadow and takes refuge behind a barricade of words at every alarm? Are we to become the China of the Occident, supine, without pride, without honor, and condemned by the rest of the world? Or does the old spirit, the spirit of '76 and of '64, the spirit that holds right above safety, still inspire and control us? Are we to look upon courage and firmness and justice to all men as the chief qualities of our government, or are we to proclaim by our votes that fear and hositation and the injustice they create are to be the new virtues of a new age? Shall our emblem continue to be the Stars and Stripes, or shall we erase those emblems of glory won and glory held, and leave but a pale sheet to wave over us, a flag whose rustle is a whimper, a flag that waves only in retreat? For the first time in American history cowardice has become a national issue. The question is before us. What shall the answer be?

WANTS SUPPORT OF AMERICANS ONLY

(Continued from Page 1).

ien spirit, no un-American outlook.

"It is not race or place of birth, but the supreme love of our country that counts. If this is a country that is worth fleeing to, it is a country that is worth preserving. It cannot be preserved unless we have the indomitable spirit of the fathers.

"I also join in the hope expressed in the Republican platform for the coming of peace and the lasting restoration of brotherhood among the nations with the assurance of full equal rights, civil and religious to all men in every land.

"We want our peace to be an example to the world. We wish the spirit of toleration and the equal opportunities enjoyed here to prevail among all peoples.

"But to be of aid in the accomplishment of these great ends, we must conserve our moral influence. In this aspect a weak and vacillating foreign policy has a most serious result. We must be correct, firm, convincing."

Only One Attempt to Heckle

here was only one attempt to heckle the nominee, and that occurred early in his first speech. Mr. Hughes was speaking of "Democratic promises made four years ago."

"Now" the nominee continued, "what did they do?"

A man in the gallery arose.

"What did you do?" he shouted, "as governor of New York?"

"Well," said Mr. Hughes, "I did a great many things as governor of New York for the people of the state of New York."

The heckler sought to ask another question but apparently was confused and sat down.

At the Harlem and Bronx meetings, Mr. Hughes was frequently interrupted by applause.

DANCING MOST POPULAR ENTERTAINMENT

Statistics Show Attendance at Dancing Classes in Chicago Schools to be 115,044.

Chicago, Oct. 24—Despite the conservatives who viewed with alarm the introduction of dancing in the social centers and later in the public schools, dancing has justified itself as the most popular of any entertainment offered there. Records made public by the school board today showed that dancing was far in the lead of gymnastic. dramatics, debates or musicales.

Last year the attendance at dancing classes in the public schools was 115,044. The gymnasium classes were second with a total attendance of 67,449. The schools that did not haved ancing had the smallest social centers in town.

HAS NO INTENTION OF QUITTING MEXICO

San Antonio, Texas, Oct. 24—General Venustiano Carranza has no intention of quitting Mexico City and his wife expects to join him there next month, she said tonight on her arrival from Mexico City, via Laredo. Asked concerning press reports that General Carranza might abdicate his position as first chief of the Mexican constitutionalists in charge of the executive power of the nation, Mrs. Carranza shook her head emphatically and said she had nothing to say whatsoever on that subject.

"I have noticed that the papers in the United States tell of fearful conditions and unrest in Mexico City", she said. "They do not tell the truth. Mexico is quite peaceful at present. Business is going on smoothly and easily and there is no cause whatever for alarm or anxiety."

KILLED BY TAXICAB

Peoria, Ill., Oct. 24—John McGinnis, 50, president of the local Hod Carriers Union, was instantly killed tonight when he was arrested and placed in jail. Stice stopped his machine after striking McGinnis, carried him to a doorway and fled from the scene.

RECORD PRICES ASKED FOR WHEAT AND CORN

All Foodstuffs With Exception of Coffee, Tea and Rice Have advanced in Price.

Chicago, Oct. 24.—When cash wheat went to $1.79½ a bushel today the highest price since 1908, and corn sold up to $1.01½, the highest figure since the Civil War, a comparison of other foodstuffs on the Chicago market showed increases in almost every line, in some cases as much as 100 per cent within two years.

Coffee, rice and tea were almost alone at a standstill and according to dealers, coffee is facing a possible reduction. It was explained that coffee always took the opposite turn from wheat. One as a necessity goes up, the other a luxury goes down. Sugar, flour, butter, eggs and other staples have advanced.

PARENT-TEACHER MEETING

The Washington School Parent-Teacher Association will meet Thursday afternoon at 4 o'clock in the gymnasium of the building. Dr. Reid will give a talk on "Infantile Paralysis." All parents and friends are cordially invited to be present.

SOCIAL EVENTS

Mrs. Blackburn Entertains W. H. M. S.

The October meeting of the Woman's Home Missionary society of Grace M. E. church was held Tuesday afternoon with Mrs. Luella Blackburn, 138 Prospect street. Temperance was the general theme and the following temperance program, prepared by Mrs. Agnew, was given:

Devotions—Mrs. R. S. Nelson.

"A Saloonless Nation"—Mrs. C. E. Williamson.

Instrumental solo, (a) Gavotte, Handel, (b) Caprice—Mrs. J. Edgar Martin.

"The Horror of the Great White Way"—Mrs. Charles Hopper.

"Temperance Impressions on the Pacific Coast"—Mrs. E. L. Crouch.

A delightful social time followed during which refreshments were served by the hostess and assistants.

Strawn's Crossing Woman's Club Meets

The Strawn's Crossing Woman's club assembled in regular meeting yesterday afternoon at the home of Mrs. Frank Green. "Pastry Making" was the theme of a profitable paper by Mrs. Howard Cully. Mrs. Edward Deaton followed with an excellent comparison of eastern and western life. Refreshments were served. The next meeting will be held at the home of Mrs. Alvin McDonald, Nov. 9.

Miss Rhoda Scott Entertains Home Makers.

The Home Makers' circle of Franklin was pleasantly entertained Tuesday afternoon at the rural home of Miss Rhoda Scott. For roll call there was the annual payment of dues. Mrs. J. M. Elder read a paper on "Hallowe'en Superstitions" and Mrs. J. L. Seymour presented the subject, "Child Labor." Excellent refreshments were served. Among the guests were Mrs. J. Ralph Dodsworth of Ottawa, Kan., Miss Grayce Roberts and Miss Lois Scott.

Pleasant Reception at Reynolds Home.

Three hundred guests assembled Tuesday afternoon at the home of R. C. Reynolds, 1405 West College avenue, and spent in pleasant social manner the hours from 2:30 to 5:30 o'clock at an informal reception given by Mrs. Warren Case, Miss Reynolds and Mrs. R. C. Reynolds. Mary Janet Capps and Ruth Reynolds met the guests at the door and they were received by Mrs. Case, Miss Reynolds, Mrs. Reynolds and Miss Mary Case.

The hostesses were assisted by Mrs. S. T. Anderson, Mrs. Ralph Reynolds, Mrs. W. T. Capps, Mrs. J. G. Capps, Mrs. Harry M. Capps, Mrs. Mary T. Carriel, Mrs. Fred Hembrough, Mrs. E. S. Greenleaf, Mrs. P. C. Thompson, Mrs. T. J. Pitner, Mrs. E. P. Kirby, Mrs. C. A. Johnson, Mrs. J. G. Reynolds, Mrs. T. P. Carter, Mrs. Thomas Reynolds, Miss Lacy Barr and Miss Mary Rhoads.

The decorations were especially beautiful. In the dining room Killarney roses were used. In the receiving room American Beauty roses and white chrysanthemums were employed and in the living room, yellow chrysanthemums, marigolds and ferns. Pink carnations were used in other rooms to good effect as were pink chrysanthemums and white roses. Refreshments were served in the dining room, with Hood and Larson catering. During the afternoon hours appropriate music was furnished by the Hitte Bros. orchestra.

Entertained at Country Home.

Mr. and Mrs. Michael Coleman entertained a number of guests recently at their home three miles west of Murrayville, in honor of their daughter, Miss Ellen Coleman. The evening was spent in games, music and dancing and the occasion was greatly enjoyed by all present. Music was furnished by Messrs. Walker, Culp and Harney. Suitable refreshments were served in the course of the evening.

EASTERN STAR, ATTENTION

Home coming program Thursday night. Members and friends invited. Mrs. John R. Phillips, Worthy Matron.

L. D. Mendonsa of Springfield, traveling salesman for Swift & Co., left for his home Tuesday after a visit with his father, J. F. Mendonsa, 1306 Elm street.

The Modern Trust Company

From The World's Work, July, 1916

IT is encouraging to find a steady growth in the tendency among men to safeguard their estates against haphazard investment methods, not only by resorting to careful instruction in the framing of their wills, but also by providing for the administration of their estates by the so-called "modern trust company", method. Experience has taught the uncertain tenure of life of the individual executor may frequently result in the serious complication of estate management, even in cases where competence has been of the highest order. Such situations the trust company's practically perpetual existence serves to avoid. Add to that the fact that such institutions are organized with special facilities for giving just this kind of service, that they are subject to the constant supervision of state banking authorities, and that they are generally as willing to take charge of the relatively small estate as they are the large, and you have the explanation of how it has come about that along with their divers other activities they have, as a whole, undertaken the custody of estates valued at between seven and eight billion dollars."

The Farmers State Bank and Trust Co.
A Modern Trust Company

FUNERALS

Draper.

Funeral services for Mrs. Elizabeth Draper were held from the residence, 619 Myrtle street, Tuesday afternoon at 2:30 o'clock, in charge of the Rev. George Nicholson. Music was furnished by Mrs. Hart and Miss Breitweiser. The flowers were cared for by Mrs. Jackson, Mrs. Hardin and Mrs. Magill. Interment was in Jacksonville cemetery, the bearers being J. A. McGlothlin, Warren Draper, William Prewitt, John Prewitt, Benjamin Prewitt and Albert Prewitt.

Winteler

Funeral services for Jacob Winteler were held from the residence of his son George Winteler Monday afternoon at 2 o'clock and from Salem church at 2:30 o'clock in charge of the Rev. F. Brand of Springfield. The flowers were cared for by Misses Annie Wiegand, Martha Hoffman and Martha Lindeman. Interment was in Jacksonville cemetery, the bearers being, Otto Muehlhausen, William Muehlhausen, Edward Wiegand, Hugo Hempel, Jacob Walker and Chris Walker.

FEW APPLICATIONS RECEIVED.

The state civil service commission some time since announced an examination to be held here November 4 for the position of foreman of grounds at the School for the Deaf. The position will pay $50 per month and full maintenance in the beginnin, with the possibility of a later increase to $75 per month. The commission has received very few applications for the position and is at a loss to understand why there are not more men in Morgan county desirous of taking the examination.

Mr. and Mrs. J. M. Smith and daughters, Louise and Mabel were city visitors yesterday from Ashland.

D. A. R. DENOUNCES SECRETARY BAKER

Rev. James Caldwell Chapter Endorses Action of National Society in Scoring Man Who Compared American Soldiers to Outlaws of Mexico.

Mrs. E. P. Cleary entertained members of the Rev. James Caldwell Chapter, D. A. R., Tuesday afternoon at her home on Sandusky street. "Indian Thorofares" was the subect of a paper by Miss Amy Mothershead, dean of Illinois Woman's college. "The Bison Track" was given as a reading by Mrs. Percy Capps. "Mound Builders and Buffalo Roads" was the subject of a paper by Mrs. G. W. Brown.

On motion of Mrs. J. Marshall Miller, the chapter endorsed the stand of the national society of the D. A. R. on the recent utterance of Newton D. Baker, the secretary of war, who in an address at Jersey City compared the Mexican bandits of today with the heroes of the Revolution. The statement was denounced as lacking in historical support and unworthy of the position of Secretary Baker.

GLACKLIN LAW FACTS.

Interesting facts with regard the Glacklin law and the necessity for better facilities for the treatment of tuberculosis were brought forward Tuesday evening by Dr. Josephine Milligan in an illustrated address at Central Christian church. "The Power of the Penny," an instructive film sent out by the Anti-Tuberculosis league of Wisconsin was shown.

DISCUSS PARLIAMENTARY LAW.

Parliamentary law and rules of order were the subject Tuesday afternoon at the first regular meeting of the Zetagathian Literary society at Jacksonville High school. The boys voted to make use of Roberts' Rules of Order.

MATRIMONIAL

Sank-Woulfe.

James Sank of Peoria and Miss Mary Woulfe of this city were united in marriage at the Church of Our Savior at 7:30 o'clock Tuesday morning, the Rev. Father Formaz officiating. The couple were attended by Miss Aileen Woulfe and Earl Woulfe, brother and sister of the bride.

The bride wore a handsome blue broadcloth suit with hat to match and carried a bouquet of white roses. The bridesmaid wore a gown of brown broadcloth with hat to match and carried a bouquet of Killarney roses.

Immediately following the ceremony the wedding party went to the home of the bride's parents, south of the city where a five course wedding breakfast was served, only immediate relatives and friends being present. In the cutting of the bride's cake, Mrs. Woulfe got the ring, John Woulfe the dime, Mrs. Thomas Flynn the darning needle and the bride the key.

The bride is the daughter of Mr. and Mrs. P. J. Woulfe residing south of the city. She was born and reared in this community and attended the public schools of the county and later was a student at Routt college. For the past two years she has been employed in Peoria. She is a young woman who by her charm of manner and many womanly graces has won a large circle of friends. The groom is engaged in the plumbing business in Peoria and is one of the successful business men in that city.

Mr. and Mrs. Sank left on the Wabash Tuesday afternoon for Springfield for a brief visit after which they will begin housekeeping in Peoria in a home already furnished by the groom.

Mrs. James Powers and her mother, Mrs. Switzer, spent the day yesterday in St. Louis.

some time sinc eannounced an exam-

TENTATIVE RATE AGREEMENT IS OUTLINED AT CONFERENCE TUESDAY

SUGGESTED PRICES ARE THOSE OFFERED LAST JUNE WITH COAL COST ADDED

Company's Records Show Coal Expense Now Greater By $9,000 Than Average for Past Five Years — Proposed Minimum Electric Rate for Smallest Consumers 10.8 Cents—Net Gas Rate 95 Cents to $1.05—Any Compromise Carries Settlement of All Differences Between the Company and City.

COMPROMISE NET RATES.

Gas, according to amount used,	95 cts to $1.05
Electricity, residences	9 cts. to 10.8 cts.
Electricity, commercial	4½ cts. to 9 cts.

RATES NOW CHARGED.

Gas, according to amount used	$1.05 to $1.15
Electricity, residences	13½ cts.
Electricity, commercial	4 cts. to 9 cts.

RATES ORDERED BY COMMISSION.

Gas according to amount used	90 cts. to $1
Electricity, residences	7 cts. to 10 cts.
Electricity, commercial	3 cts. to 8 cts.

A conference held in Springfield between representatives of the city of Jacksonville and the Jacksonville Railway & Light Company Tuesday resulted in the drawing of a tentative stipulation which embodies the points suggested in this city last Thursday as a basis of a compromise. At the close of a gas service hearing here last Thursday Judge Thompson suggested to both parties that a compromise was desirable and the Tuesday conference in Springfield was agreed upon. The expectation with which both parties entered into the conference was that citizens would agree to accept certain rates offered by the company last June, plus the added cost of operation to the company resulting from the increased price in coal.

Big Increase in Coal Cost.

The main point which developed at the conference was that the company's increased cost for coal this year is $9,000, whereas the city believed that the increased cost would not be more than $2,500 to $3,000. Figures furnished for the conference by Superintendent E. H. Gray of the Jacksonville properties showed that the increase in cost has been about 44 cents per ton. By comparison with 1915 only the increased cost would be even greater, but in the computation the average cost for the past five years was taken for the purpose of comparison.

The conference, which began at 10:30 o'clock Tuesday, continued until 6 o'clock with an allowance of several hours to the engineers for compiling their figures. When the conferees separated it was after a tentative stipulation had been drawn. The rates which are proposed in the compromise and the way they compare with present rates and those ordered by the commission will appear from the tabulated figures.

Decatur Settlement Cited.

In the proceedings mention was made of the settlement of utility questions in Decatur, where a rate of 95 cents for gas and 9 cents for electricity was granted. The price range in Jacksonville will be 95 cents to $1.05 for gas and 10:8 cents to 9 cents for electricity. It was explained by the company that the lower prices are possible in Decatur because of the larger volume of business.

Among those who attended the conference were the petitioners, Dr. Bowe and Dr. Baker; Mayor Rodgers, City Attorney John J. Reeve, Commissioners J. E. Martin, Joshua Vasconcellos and W. F. Widmayer and Attorney A. D. Stevens, representing the city. Forf the company H. C. Chubbuckn vice president executive; H. Green, attorney; George W. Mattis, treasurer; F. A. Warfield, rate expert; E. S. Hight, chief operating engineer; E. H. Gray, superintendent Jacksonville properties; Walter Ackerpohl, auditor. Commission representatives present were A. S. E. Little, gas engineer; F. W. Sullivan, assistant attorney general; W. H. McLain, valuation engineer; B. H. Peck, electrical engineer; George E. Doring, assistant secretary.

Mr. Sullivan Opened Way For Discussion.

The conference opened about 10:45 in room 816 at the Leland hotel. While it was very informal in character, in order to give some sense of formality F. W. Sullivan assistant in the office of the attorney general, was present and stated that he was there at the suggestion of the utility commission. Mr. Sullivan referred to the recent hearing in Jacksonville, at the conclusion of which a compromise suggestion came and said he supposed that both parties had come together in a give and take spirit.

Further, he suggested that in order to arrive at some conclusion, it would be well for one party to offer what they would "take" and the other party to say what they would "give." This was all that was necessary to set the ball to rolling, and H. I. Green, attorney for the Illinois Traction System, referred to the so-called Fischer schedule of rates which had been offered to the city as a compromise at the hearing before the utility commission last June. He said that this Fischer proposal had been mentioned as the beginning for any compromise agreement which might result from the present conference.

Proposed Rates Explained.

Then Mr. Green read the Fischer proposal, which appeared in substance in The Journal in Sunday's issue. The original proposal carried with it the suggestion that the company should also be permitted to sell to the city current for the municipal plant. Mr. Groen suggested that in view of all conditions it would probably be the wiser course to eliminate any reference to the municipal light plant load. With some further remarks of explanation, Mr. Green then read the figures showing the commission's suggested rates, the company's proposal thru Mr. Fischer last June, and the company's present proposal after figuring on the increased cost of production.

Agreement Would "Clean Slate."

Mr. Green then went on to give some figures to show what the return from the utility properties here would probably be under the new schedule of rates and declared that even with the increase in rates by comparison with the rates suggested by the commission that the earnings would still be below the figure allowed by the commission finding.

Mr. Sullivan at this point said it was his understanding that the company's proposal, aside from the rates as to gas and electricity, included their agreement to withdraw objections to paving assessments and to proceed with their work. Furthermore, he said it was his understanding that the city would agree to give franchises to the company, and, in fact, that any agreement from the conference meant the clearing up of all differences and that these conditions would be taken into account in considering the rate figures.

Mr. Stevens said it might be well to correct any idea that Mayor Rodgers had given his consent to join in a written petition to the utility board asking that any rates agreed upon at this conference be approved. Mayor Rodgers then explained his attitude, which was in substance that which it has been in the past—that he was willing to abide by any decision that the utility commission would make, be it high or low, as he considered the matter entirely in their hands. If the commission wished to alter the rates as given in their finding, that was satisfactory to him, but he did not wish to join in any formal request to the commission to change their position.

Dr. E. F. Baker spoke as one of the petitioners in the case and declared that he would not be technical about the form of communication addressed to the commission as the result of any conference. He said that since the case was brought before the commission by Dr. Bowe and himself that they as petitioners would probably be the ones to join with the company in any stipulation or any communication to the commission.

Dr. Bowe Outlines Case.

Dr. Edward Bowe spoke somewhat in the same vein with Dr. Baker, but went on to say that there should be no misunderstanding about the purpose of the present conference. He said that when Judge Thompson suggested the compromise to a group of men in Jacksonville last week, that he as a petitioner had in answer to direct questions, said that he would be willing to accept the Fischer compromise figures, and furthermore that he would consent to an increase in these rates of a sufficient amount to cover the additional cost of coal since the date of the Fischer proposal. Those were the only things, he said, which should enter into the figures brought before the conferees.

City Attorney John J. Reeve referred to the suggestion previously made, that if agreement came in the suits that the city would grant franchises. He made it clear that there has been no opposition on the part of the city council to the granting of franchises if the rates could be agreed upon, and that at no time had there been any desire to prevent the franchise questions from being settled. He said that the attitude of the entire council was that if any agreement was reached, that franchise ordinances would be passed and then placed before the people at an election for their action.

Only Fair Return Wanted.

Mr. Chubbuck, vice president and executive officer of the Illinois Traction System, made a brief talk at this point by way of suggestion that the company and the city would be better off if the company were allowed to do business on rates which would result in a decent return on the money invested in the properties. "Everybody would feel better and conditions for all concerned would be more satisfactory if at this time you would take into account the values of the properties and then let the rates be such that a fair return can be made. One superintendent may operate at a slighly lower cost than another, but you know in the long run there is a certain average legitimate cost for the operation of plants like those we have in Jacksonville, and that they must make reasonable returns or eventually go out of business."

One Point at Issue.

Mr. Stevens declared that he feared the conference would accomplish nothing if the discussion or the consideration drifted to generalities. He said that on the basis of the information he had that the only purpose of the conference was to figure out what change in rates the company would be entitled to to earn enough additional money to pay the increase in the cost of coal by comparing the present time with June, when the Fischer proposal was made.

He said that these facts were probably obtainable within a comparatively short time if the engineers for the company and the commission would work together. "But I do not attempt to say just how long it will take to secure this information, that is a matter for the engineers themselves to say. When we have these figures—this afternoon or tomorrow or ten days from now—then will be the time when we can consider the whole proposition in an intelligent way."

Mr. Little, gas expert for the utility commission, said that he could be ready with his figures and estimates by 3 o'clock in the afternoon, and Mr. Hight, chief operating engineer, expressed the same view as to the necessary time for calculation. After a little further informal discussion it was agreed to adjourn until 3 in the afternoon to await the report and figures of the engineers.

Figures Presented.

When the conference was resumed at 3:30 in the afternoon the engineers for the company and the commission made their informal report In brief the company's figures set fortn that the increase in the cost of coal for the electric and gas plant this year will be $9,000 by comparison with the average expenditure for coal during the preceding five years. The commission engineers stated in their opinion after examination of records that the company's figures were correct. The company representatives expressed an entire willingness to have a further verification of the figures made by the city or the commission if this was deemed advisable.

The representatives of the city were surprised at the amount claimed by the company as the increase in coal cost as they had been under the impression that 20 to 25 cents per ton on a tonnage of 10,000 to 13,000 would cover the amount. In the discussion various matters foreign to the point at issue were gone over and it was 6 o'clock before even a tentative agreement had been outlined. Then the services of a stenographer were secured and a summary or stipulation of what the attorneys understood to be the basis of the proposed settlement was outlined, and just before 8 o'clock this was signed by John J. Reeve and H. I. Green. When the stipulation is presented to the commission it must necessarily be signed by the petitioners in the case, Dr. Bowe and Dr. Baker, and by representatives of the company. The tentative paper drawn as the result of the conference appears elsewhere in this issue.

Propose Compromise Stipulation

WHEREAS, on the 11th day of July, 1916, an order was entered by the State Public Utilities Commission of Illinois in the case and proceeding entitled Edward Bowe and E. F. Baker, complainants, numbered 2698 and 2698-A, gas, electric and street railway utilities, and an appeal has been perfected and is now pending in the circuit court of Sangamon county, Illinois, to reverse the said order of the said Commission, and

WHEREAS proceedings have been had for the improvement of certain streets in Jacksonville, Illinois, by paving, in which judgments have been rendered against said respondents, from which judgments appeals have been perfected and are now pending in the Supreme court of Illinois, and certain other proceedings are pending and have been had for the local omprovement by paving upon certain streets upon which the said railway tracks of said Jacksonville Railway Company are iaid,

WHEREAS, it is desired by the officials and citizens of the said City of Jacksonville that the said respondent companies make certain improvements to their plants and property in said City of Jacksonville, and expensive and unfortunate litigation and controversy has been and is now pending and unsettled;

WHEREAS, it is the desire of the parties to all of the proceedings above mentioned, and of the citizens of Jacksonville and the officers of said public utilities that all controversy between said parties be amicably adjusted and settled,

NOW, THEREFORE, this stipulation is entered into for the purpose of expressing the understanding and agreements of the respective parties as to the basis upon which all of the pending controversy and litigation may be settled and adjusted, and pursuant to this stipulation the parties agree that appropriate action be taken to the end that said controversy and litigation be adjusted and settled accordingly.

It is agreed that the parties interested hereby request the State Public Utilities Commission of Illinois to lend their good offices and assistance in carrying into effect this settlement and agreement by appropriate orders in the premises.

All of the parties interested agree to accept and abide by an order of the State Public Utilities Commission which shall make effective for the term of one year, rates for electric, gas and street railway service in the City of Jacksonville, to be furnished by said Utilities as follows:

Residence Lighting.

For the first 50 kilowatt hours used per month, 12c per KWH.

For all energy used in excess of 50 KWH in any month, 9c per KWH.

Discount.

Ten (10) per cent for payment within ten (10) days.

Minimum Bill.

Seventy-five (75) cents per month per meter.

Commercial Lighting.

For the first 150 KWH used per month, 10c per KWH.

For the next 300 KWH used per month, 7c per KWH.

For all energy used in excess of 450 KWH in any month, 5c per KWH.

Discount.

Ten (10) per cent for payment within ten (10) days.

Minimum Bill.

Seventy-five (75) cents per month per meter.

Power Service and Other Electric Service.

The schedules authorized by the Commission in order of July 11, 1916 are recommended.

Gas Service.

For the first 2000 cu. ft. used per month, $1.10 per 1000 cu. ft.

For the next 4000 cu. ft. used per month, $1.05 per 1000 cu. ft.

For all gas used in excess of 6000 cu. ft. per month, $1.00 per 1000 cu. ft.

Discount.

Five (5) cents per 1000 cu. ft. for payment within ten (10) days.

Minimum Bill.

Fifty (50) cents per month per meter.

Street Railway Service.

The schedules authorized by the Commission in order of July 11, 1916 are recommended.

The new order of the Commission to embody, in addition to the schedules above set forth, schedules for other classes of service furnished by said utilities, in addition to those above enumerated, in accordance with the schedule fixed in said order of July 11, 1916.

The new order of the Commission also to contain same provisions and terms as to service as were embodied in the order of July 11, 1916.

The parties hereto, hereby request said Public Utilities Commission to omit from the new order proposed and hereby requested, the fixing of any valuation upon the property of the company, either as a whole, os as to any department thereof, and to become effective April 1st, 1916.

The parties further agree to cause to be withdrawn appeal proceedings pending in the court of Sangamon county, Illinois, and for the entry of an order by said circuit court remanding said cause to said Commission for action pursuant to this stipulation, without prejudice to any of the parties interested or any rights claimed or alleged by them, or any of them, to the end that said previous order of July 11, 1916, may be vacated and become superceded by the new order pursuant thereto.

It is further stipulated between the parties that the two suits now pending in the Supreme Court of the State of Illinois, being appeals perfected by the Jacksonville Railway Company, one of the parties, hereto, one of the proceedings being in relation to a stret paving judgment against the said Railway Company on East State Street in the City of Jacksonville, and the other a proceeding in relation to a pavement on the north end of South Main Street, that the objection of the Jacksonville Railway Company to the pavement of West State street, which is now pending in the County Court of Morgan County, Illinois, shall be withdrawn and no further objections filed in said proceedings by said Railway Company; that the Jacksonville Railway Company will not make objections to the collection of taxes on either East State Street, West State Street or any part of South Main Street, if the same shall be returned as delinquent on the present judgments; that the Jacksonville Railway Company will pave between the rails of its tracks and for 12 inches on the outside of its rails, including switches, on any streets where its tracks are located, whenever said streets are paved, by action of the City of Jacksonville; that the said Railway Company will remove its tracks from Illinois Avenue, as provided by a resolution of the City Council of the City of Jacksonville, now on record.

Dated this 26th day of October, A. D. 1916.

Jacksonville Railway & Light Company, and Jacksonville Railway Company.

Springfield, Ill., Oct. 24th, 1916.

My dear Mr. Reeve:

After months and even years of controversy and litigation, repeated efforts and negotiations to effect settlements, culminating in an all day conference today at the Leland Hotel between the officials and representatives of the parties in interest, representing the Public Utilities at Jacksonville and the City of Jacksonville and its citizens, pursuant to which an understanding was reached as a basis of settlement, the attached stipulation represents, as I understand it, the mutual desires and agreements of all the parties in interest and I have authority to say that the companies will carry out this settlement to the letter, in spirit and intent.

HENRY I. GREEN.

Mr. Green:

The attached stipulation also represents my understanding of the result of the above mentioned conference.

JOHN J. REEVE.

TO MEET SATURDAY

The Domestic Science Round Table will meet Saturday, October 28, with Mrs. William Floreth, 523 West College avenue at 3 o'clock. Please note permanent change of date of meeting from 3rd to 4th Saturday. Mrs. Herbert Capps, sec'y.

COUNTRY FEDERATION WILL WORK FOR VOTE

Club Women Will Use Especial Diligence in Getting Out Supporters of Glacklin Law Tax for Tuberculosis Sanitarium.

That the club women of Morgan county will have a large share in the work toward the anti-tuberculosis sanitarium was evident Monday evening when the executive board of the county federation met for special consideration of the Glacklin law vote. The meeting was called at the Peacock Inn at 5 o'clock and after the business, dinner was served. At 7:30 o'clock the women adjourned to Central Christian church to hear the stereopticon talk and special film entertainment.

At the board meeting Mrs. Ben Lurton, county president, was in the chair. Miss Clara Cobb gave the treasurer's report and Mrs. Harry Rice served as secretary. Mrs. Strang was present as a representative of the Murrayville Domestic Science club and Mrs. W. S. Jones represented the Mound Woman's Country club.

Mrs. A. L. Adams called attention to conditions in New York, where tuberculosis treatment is well advanced. Miss Martha Coale, visiting nurse, spoke of Morgan county needs in this regard. Mrs. J. Parker Doan was appointed chairman of a committee to further plans for organization of parent-teacher organizations thruout the county.

WILL BE PROSECUTED ON BIGMANY CHARGE

Tacoma, Wash., Oct. 24.—"Dr." Percival V. Allen, convicted in Seattle of a statutory offense as a result of his living with Miss Anna M. Danielson, member of a wealthy Iowa family and who died in July, is to be accused of bigamy according to announcement today by the prosecuting attorney here. Information at the prosecuting attorney's office is to the effect that Allen and Miss Danielson were married in Tacoma July 5, soon after the two met on a steamer voyage from San Francisco and that Allen had not been divorced from his first wife. Allen is now serving a one-year sentence in the King county jail, Seattle.

WILL BE MUSTERED OUT.

Springfield, Ill., Oct. 24—The first field artillery, hospital corps No. 1 and No. 2, now at Camp Lincoln, will be mustered out of federal service at ten o'clock Thursday morning, it was announced by Col. M. M. McNamee, chief mustering officer here today. The eighth Illinois infantry, colored will be mustered out Friday morning and battery A., of Danville, Saturday.

A. P. CORRESPONDENT WITNESSES BATTLE

Graphic Description of Scenes Along Transylvania Front With Army of General Von Falkenhayn.

On the Rumanian Front With the Army of General Van Falkenhayn, Oct. 18.—Via London, Oct. 24.—Thru a visit made by the Associated Press correspondent during the last few days along the entire line of the Transylvanian front, including the Transylvanian Alps from the Red Tower Pass to Predeal, it has been possible to form an idea of the operations of the German and Hungarian forces against the Rumanians.

For several days the Rumanians have held only a few points along the border, while the Germans have advanced thru the Red Tower Pass to as far as two miles beyond the town of Rinevatulni and in close proximinity to Campulung thru the Toerzburg Pass. Today the correspondent witnessed an engagement which brought the Hungarians and Germans into possession of important positions. The action was inaugurated with lively artillery preliminaries upon the Rumanians holding the mountain ridges which command the pass on the east. The German and Hungarian infantry meanwhile had deployed over the lower slopes advancing later over the difficult ground.

For two hours the Rumanian lines were under a severe artillery fire from the smaller caliber guns, and they fell back as the German and Hungarian infantry approached.

When night fell the Rumanians had lost several of their positions which offered good vantage points for defense.

The action was a most spectacular one as seen from the correspondent's observation point. Its most prominent feature was the terrible accuracy of the German and Hungarian artillery fire, the effects of which were watched from a distance of 3,300 yards.

The first shells fired were mainly bulleyes, causing the Rumanians to swarm out of their trenches. Thru the single long street of a mountain town Rumanian reinforcements were advancing, but these broke their formation when the bombardment started. For four hours the narrow pass was filled with a defeaning roar and the reverberations of the artillery and the sharp crack of the machine gun and rifle fire, while the tops of the mountains as well as Pass Height, were draped in a dense cloud of powder smoke and dust.

The indications are that the Rumanians are hardened up, as lately many of their organizations have stood their ground well, especially new regiments along the Transylvanian border.

The diagram shows how it works

Fresh air (just as with a furnace) is drawn in at the sides, heated evenly to several hundred degrees temperature, and discharged—not through the flue and chimney, but through the top of the hot-air chamber *into the room*. This creates a thorough circulation of hot air that will successfully heat several rooms. Even the upstairs rooms can be heated by the aid of a simple pipe connection.

U. S. A. CHAPLAINS IN NEW LINE OF WORK

Have Established Electric Light Plant In Mexico for Movie Show —Pictures Wonderful Aid to Army Life.

Field Headquarters of the American Punitive Expedition in Mexico, October.—(Correspondence of the Associated Press.)—The army chaplains who accompany the American Punitive Expedition in Mexico have not only marched abreast of their toughest charges clear through to the Sierra Madras, but here they have distinguished themselves in a new way. They have established the first electric plant within a 125-mile radius of this spot in Chihuahua for the lighting of a reading room and a "movie show."

However commonplace the electric light has become in the states, it is still rather an innovation in this part of Mexico, especially in an army camp in the Gasas Grandes valley. But, thanks to the chaplains who devoted much time to pestering the authorities for permission to bring the necessary machinery in on motor trucks, the gas engine, generator and other equipment arrived about two months ago and now the meanest private can read the latest periodicals and write his letters under electric lights. Even the general hasn't that privilege.

As for the "movie" shows, it's hard to understate their influence for good or the interest they have aroused and sustained. At home, "the movies" mean nothing more than a nickel, a short walk and an hour or so killed. But in camp, the evening show is something to look forward to all day and talk about the next day. Making adobe brick and other officially prescribed ways of passing the time soon pall, even cards and dice have their limitations, but the motion picture shows are always popular as ennui breakers.

A Busy Chaplain.

The busy little engine that illuminates the reading room, runs the projecting machine for the picture shows, lights the prize-fight arena and makeshift vaudeville stage, belongs to the equipment of Chaplain J. M. Moose of the Seventh Cavalry. He also manages the shows, censors most of the soldier mail for several regiments and acts as agent for the money order department of an express company. From his stipend for issuing these orders came originally the funds for bringing down the films from El Paso. He, by the way, has made out money orders for $66,000 in three months. But the money he thus expended from his chaplain fund will be paid back from the athletic fund that has grown to almost $5,000 from the proceeds of half a dozen boxing exhibitions. Chaplain J. A. Randolph, of the Second Engineers, performs the same offices at El Valle.

The reading room which is well lighted and supplied with benches and tables, is in charge of Chaplain O. J. N. Scott of the Tenth Cavalry. The Young Men's Christian Association has furnished 61,000 envelopes and 160,000 letter heads, which are given out gratis. With the Red Cross and the Young Men's Hebrew Association, it also sends reading matter. The tent will accommodate several score and generally is well filled.

Big Crowds Attend.

More than five months ago the chaplains filed their application for a cinema outfit, but it was not until the last day of August that the first show was given. During September there were twenty-six and all were well attended. Estimates of the nightly crowds run as high as 3,000 and not even regimental minstrels cut down the number of patrons. The section reserved for officers, which holds about 150, is always packed.

The crowd comes early and stays until the last flicker. Right after retreat, bearing gasoline cans, soap boxes, even cumbersome armchairs, they secure the coveted positions surrounding the projecting machine, prepared for an hour and a half wait. The show doesn't start until 7:30 and it lasts an hour and a half. Here is where the chaplain shows his guile. He intends that the performance will both amuse his charges and keep them out of mischief. So he holds them until 9 o'clock. Then there is not enough time before taps to do much of anything but return to their tents.

Silence Is Not the Word.

The silent drama may be a good name for the movies in the states, but not at Camp Dublan. The film characters don't have to speak for themselves, the spectators do it for them and their comments, it must be confessed, are such that Chaplain Moose generally stays in his office back of the reading room during the performances. It is soldier wit, mostly, altho a great deal is burlesque show reminiscences. The cream of the comment, however, comes from the members of the Twenty-fourth Infantry and the Tenth Cavalry, who follow the plays with intense and vociferous interest. It is spontaneous and does not shame the well known African sense of humor.

The film that brings the cheers is the one with a fight or more in every reel, where the hero drops from an aeroplane to the top of a runaway freight train, to the disgust of the aero squadron contingent, or wallops both the hirelings of the unscrupulous lawyer and the lawyer himself and winds up by marrying his rich employer's daughter. The yell that goes up when overalls and Paquin gown rush into a close embrace just before "good night" flashes on the canvas must arouse misgivings in the hearts of the natives at Casas Grandes.

And just to start the show right, this sign is shown:

"Ladies will kindly remove their hats. Campaign hats are just as large. Think it over."

MR. MUNGER HEARD IN ANNUAL RECITAL

Large Audience Gathers at Northminster Church to Hear Program of Unusual Depth and Variety.

Edmund Munger, of the faculty of Illinois College Conservatory of Music, appeared Tuesday evening in his annual fall recital before an audience which filled well the large auditorium of Northminster Presbyterian church.

Following is the program given by Mr. Munger:

Sonata, Op. 53, in C major (Beethoven) Allegro con brio, Adagio molto—Rondo, Allegretto, moderato.

Fantaise Impromptu, Op. 66 (Chopin).

Impromptu 1, Op. 29 (Chopin).

Nocturne in F minor, Op. 55, No. 1 (Chopin).

Etude in F major, Op. 10, No. 8 (Chopin).

Fantaise Brilliante, Op. 49 (Chopin).

Chant d'automme (October), Op. 37, No. 10 (Tschaikowski).

Humoresque in G major, Op. 10, No. 2 (Tschaikowski).

Moonlight (Clair de lune) (Debussy).

Concert Waltz, Op. 12 (Friml.

Rhapsodie, No. 12 (Liszt).

On but few occasions in Jacksonville has Mr. Munger appeared in a Beethoven number. It was to the delight of all that he opened his program Tuesday evening with the Beethoven Sonata in C major, Op. 53, better known under the head of its dedication as the Waldstein Sonata. This masterpiece might stand in art as a great temporal painting done in broad strokes and depicting strength and nobility and power.

The Chopin group built up carefully and artistically. The Ompromptus, Op. 66 and Op. 29, in a lighter vein and, in melody, both charming and delicate; the beautiful Nocturne in F minor, so exquisitely symmetrical and emotionally fine; the Etude in F major, whose musical worth cannot be submerged in technical value; these four compositions from the great Polish writer for the piano preceded with great effect the Fantasie Brilliante, Op. 49, which, in the opinion of many, is Chopin's most perfect work. To speak of its beauties one need only mention the grave theme of the march-like introduction, the insistent arpeggio figures in triplets which climb to the beautiful song in F minor, the lovely episode which follows, the wonderful climax and then the lento sostenuto, which lingers for a moment of sweetness before the impressive end. Mr. Munger responded to the very hearty applause after this group with the "Butterfly" Etude of Chopin.

Two Tschaikowski numbers headed the last group on this varied program.

Not the flash of oak-leaves and flaming sumac but October in her softer, gentler mood is the spirit of this lovely song of Autumn by Tschaikowski. Done in dull grays and melancholy brown and, too—the pale green of the osage, its message was of peace and quiet hope.

The second Tschaikowski number, tho called Humoresque, was in Mr. Munger's hands no mere picture of whims and fancies, but always playful, achieved the spirit of gaiety.

Compared to his later works, Debussy's Clair de Lune sounded clear-cut almost definite, the silver quality of the moonlight warmed a little by the suggestion of color that very bright moonlight gives.

The Concert Waltz Op. 12, one of the few more difficult compositions of Friml, gave a happy turn and prepared the way which lead to the sunny land of the Gypsy folk—in the Twelfth Rhapsody of Liszt—Liszt, the genius of contrast, whose tonal painting ranges from the sonority and grandeur of forest and mountain to the crystalline delicacy of the snow-flake and the frolicsome twinkle of fairy feet.

After the end of this delightful program Mr. Munger played as encore the Spinning Song of Mendelssohn.

MORE SUITS TO SELECT FROM WHICH WE JUST RECEIVED, SPECIALLY PRICED AT HERMAN'S.

CHAPIN

Auctioneer Abernathy of Concord left Tuesday morning for Mt. Sterling to conduct a hog sale for Mr. Ashbaker. Mr. Bert Way of the firm of Way and Mathews accompanied Mr. Abernathy.

Chas. Thomason of Meredosia was here on business today.

Guy Rook made the following purchases of hogs: sow and 5 pigs, $31; sow and 8 pigs, $40; sow and 9 pigs, $50. Shoats weighing from 110 to 120 lbs. brought prices from $12.50 to $15 each.

SPECIAL SALE.

Today, 200 bushels of good hand picked Ben Davis apples. 50 cents per bushel while they last. Hagen orchard, 1 mile south of Arnold.

FIRST WITNESS HEARD IN COPELAND TRIAL

Clarence F. Hall, Associate of Murdered Man, Is First to Take the Stand.

Galveston, Texas, Oct. 24.—Taking of evidence began late today in the case of John Copeland, bank cashier, charged with killing William Black, an anti-Catholic lecturer, in Marshall, Texas, February 3, 1915. Clarence F. Hall, first witness for the state, declared in his direct testimony that Copeland fired the fatal shot. Hall was Black's associate and business agent.

Hall explained on cross-examination, while he could not see the gun in Copeland's hand, he saw the shot come from Copeland's direction.

Fearing influence on selection of jurors in other cases growing out of the assault on Black, Judge Briggs today prohibited publication of details of the case in newspapers of Galveston county. He based his order on the libel law of Texas, making the testimony privileged matter.

Hall on the stand told of four men calling on Black in the Hotel Marshall, of their alleged threats and of the shooting.

He admitted, on cross-examination, that Black had distributed anti-Catholic circulars in Marshall, containing statements he did not know to be true.

BIG WOODMAN MEETING.

O. E. Alshire, state warden, will be in the city Friday evening and he will deliver the principal address a meeting of the Woodmen of the city in M. W. A. hall. This will be a joint meeting of Unity Grove Camp No. 132, and Jacksonville Camp No. 912, and plans for the big class in November will come up for consideration. Friday afternoon the Woodmen of the county will assemble for a business meeting in the hall.

THE MINISTER SHOULD BE WELL PREPARED

Preacher Should Never Forget That He is Called to Preach Dr. Kamp Tells Jacksonville District Meeting at Grace Church Tuesday.

The minister is first of all called upon to preach and should at no time forget his high calling, said Dr. Theodore Kemp Tuesday afternoon, speaking to the semi-annual preachers' and stewards' meeting of Jacksonville district at Grace M. E. church. Dr. Kemp is president of Illinois Wesleyan University and is a former pastor of Grace church.

Four hours per day is not too much for the minister to give to the task of sermon preparation, asserted Dr. Kemp. In addition the pastor should read good books. He should spend an hour and a half a day and at the very least should read a good book every two weeks. Dr. Kemp called attention also to the need of ministers keeping in close touch with the field. His address was strong and logical and by each was well received.

Eighty were served at the noonday luncheon when the ministers and stewards were guests of the district superintendent and his wife, the Rev. and Mrs. F. A. McCarty. The program opened at 9 o'clock and was carried out according to published program.

The spring meeting of the preachers and stewards will be held in Palmyra. Following is the committee on rallies for the conference claimants' campaign: Rev. F. B. Madden, this city; R. S. Best, Beardstown; Rev. E. L. Pletcher, Jacksonville; Rev. J. E. Artz, Ashland and O. T. Purl, Carrollton. Following is the estimating committee: Dr. J. N. Hughes, Waverly; F. L. Berger, Meredosia; F. B. Six, Alexander, Charles Hopper and C. C. Grimmette, Palmyra.

Following are those present at the luncheon:

Those who were present during the sessions and who were at the luncheon at noon were as follows: Rev. and Mrs. F. A. McCarty, Rev. and Mrs. W. S. Phillips, Cerro Gordo; Rev. and Mrs. E. L. Pletcher, Jacksonville; Rev. Charles A. Boyd, Carrollton; Mrs. Carrie M. Hazlett of Bloomington; Rev. and Mrs. J. O. Kirkpatrick, Jacksonville; C. E. Teele, Waverley; Rev. S. C. Pierce, Waverly; Rev. and Mrs. George T. Wetzell and Rev. and Mrs. W. W. Theobald, Jacksonville; Dr. Theodore Kemp, Bloomington; Rev. J. P. Hilferby, Jacksonville; Rev. Francis E. Smith, Waverly; Rev. and Mrs. C. F. Juvinall and Son, Ernest, Virginia; R. S. Best, Beardstown; Rev. A. L. Caseley, Beardstown; Rev. and Mrs. E. K. Towle, Jacksonville; W. G. Harris, Beardstown; Joseph Fry, Naples; Dr. F. M. Rule, Jacksonville; Edmund Blackburn and Dr. and Mrs. J. R. Harker, Jacksonville; Rev. Mark White, Manchester; Rev. J. Edward Artz, Ashland; O. T. Purl, Carrollton; Rev. Dr. H. C. Gibbs, Decatur; Rev. George E. Haas, Naples, Samuel Darley, Durbin; Rev. O. H. Myers, Chandlerville; Rev. W. E. Keenan, Franklin; Rev. T. L. Hancock, Meredosia; Rev. P. E. Johnson, Island Grove; L. F. Berger, Meredosia; C. C. Grimmitt, Palmyra; Fred B. Six Alexander; Rev. J. O. Lehman, Astoria; A. Pulliam, Palmyra, James Allan, Jacksonville; James W. Breckon, Palmyra; H. C. Busby, Jacksonville; Dr. N. J. Hughes, Waverly; Edward H. Ranson, Rev. Raye L. Ragan and F. M. Masters, Jacksonville; William J. Ford, Greenfield; Rev. W. P. Bowman, Concord; Rev. Philip J. Rinehart, Bluffs; Olin Lee, Hettick; Rev. F. B. Madden, Jacksonville; J. W. Fanning, Murrayville; Rev. W. H. McGhee, Murrayville; Henry Monroe, Virginia; Rev. Mr. Roodhouse; Calvin E. Rice of Concord; Charles Hopper, Jacksonville, and Rev. and Mrs. John W. Priest, Jacksonville.

In the estate of Minnie M. Rexroat, petition of L. O. Vaught for probate of will. Hearing set for Nov. 20, 1916.

ENGLISH OPERA CO. COMES FRIDAY NIGHT

Lohengrin Promises to Be Memorable and Artistic Achievement.

Friday, October 27, the curtain will ring up on what is certain to be the presentation of a memorially artistic achievement. The Chicago English Opera Company will appear in "Lohengrin." As far as one can judge, from the cast of artists to be heard, there is no reason to doubt, that this will be the greatest musical attraction to appear here this season. Mr. Basil Horsfall, the well-known London operatic impresario and general manager of the Chicago English Opera Company, has secured principal artists, who raise the prestige of this company far above that of any other English speaking operatic organization. Over one hundred thousand dollars have been expended to make this tour a success, artistically and financially. Wagner's "Lohengrin" will be given with the same attention to detail, which is seen at Convent Gardent London; the Metropolitan, New York, and the largest opera houses of the world. The cast for this performance will include Mmes. Mercedes Dalmada, Anita Sutherland, Mr. Haigh Jackson, Charles Gerol, Arthur Deane and J. Ellenhorn. A large orchestra is carried with the company, also a specially selected chorus of young and well-trained voices.

The seat sale opens this morning.

WILL SERVE CAFETERIA SUPPER

The Ladies' Aid society of Salem church will give a cafeteria supper at the home of F. L. Green Wednesday evening, Oct. 25.

FUNERAL NOTICE

Funeral services for John G. Houser will be held from the residence, 869 North Main street at 1 o'clock this afternoon. Services will be strictly private.

The remains of Mrs. Dan Baldwin, who died in Peoria, arrived in the city Tuesday afternoon on the Alton. Funeral services will be held from the residence of Miss Sarah Baldwin, 329 South Clay avenue, this afternoon at 2:30 o'clock.

The remains of Mrs. Dan Baldwin arrived in the city from Peoria Tuesday afternoon accompanied by her husband and his brother, Stansfield Baldwin. Funeral services will be held from the residence of Miss Sarah Baldwin this afternoon at 2:30 o'clock in charge of the Rev. E. L Pletcher.

Don't forget to attend the W. A. Daub dairy sale Oct. 26, at 11 a. m., 326 Oak street. If raining sale will take place under shelter.

BIBLE STUDY PRIZES GIVEN BY REV. MR. LANDIS

Rev. E. B. Landis, pastor of Westminster church, made an address at the chapel exercises of Illinois college Tuesday morning with "Bible Study" as his thome. When President Rammelkamp introduced the minister he announced that Rev. Mr. Landis had established prizes amounting to $20 for students in the courses of Biblical literature. These prizes are to be awarded at the close of the year and will be made to the students making the highest grades in each of the three courses offered in the department. However, no student will be eligible to receive more than one of the prizes, even tho he be registered in more than one course.

WILL WED IN SPRINGFIELD

The marriage of Miss Irene Estaque daughter of Mr. and Mrs. Samuel Estaque, to Mr. J. E. Wike of Taylorville, N. Carolina, will be solemnized in Springfield tonight. The ceremony will take place at the First church of the United Brethren and will be performed by Rev. M. B. Spayd. Misses Rinda Vieira and Fern Miller will be the bridesmaids and Samuel Estaque of East St. Louis will be the best man. Miss Estaque is quite well known in Jacksonville.

MILDRED BERNARD LANE SUMMONED BY DEATH

Little Daughter of Mr. and Mrs. Fred A. Lane Passed From Life Tuesday Evening — Child Was Long in Delicate Health.

Mildred Bernard Lane, three-year-old daughter of Mr. and Mrs. Fred A. Lane of 212 Park street, fell asleep in death Tuesday evening at 6:30 o'clock. The passing away of the little life was most serene and the end come with a smile playing about the child's lips while resting in her mother's arms. Mildred had been in delicate health for over a year and her parents had been most apprehensive for her. All that loving care and medical skill could do was done to prolong her life, but the efforts proved unavailing.

Thru the weak little body, however, there was revealed a sweet and gentle spirit that lent a charm never to be forgotten and the ailment at times called for a patience and fortitude that was beautifully expressed. The most tender sympathy of many friends will go out to Mr. and Mrs. Lane in the irreparable loss they have sustained.

In addition to the parents Mildred is survived by one sister, Betty Jean Lane.

Funeral services will be conducted from the home on Park street Thursday afternoon, the hour to be announced later.

FORD CARS CONTINUE TO SELL. C. N. PRIEST, THE FORD MAN, RECEIVED A CAR LOAD OF SIX YESTERDAY AND THEY WERE ALL SOLD BY NIGHT.

DOMINICAN SISTER DIES AT SPRINGFIELD

Deceased Was For Many Years Identified With Parochial School In This City.

News was received here Tuesday of the death of Sister Mary Agnes (McGuire) of Springfield, which occurred at St. John's hospital there at 3 o'clock Tuesday morning, following an illness of several months' duration. Sister Mary Agnes was for twenty years teacher of boys in the parochial school of the Church of Our Savior in Jacksonville, and was for many years in charge of the choir of the Church of Our Savior here. She was a woman of such depth of character and sweetness of disposition that many hearts are saddened by the news of her death. She was sixty-five years of age at the time of her death and had been a nun for forty-nine years.

Sister Mary Agnes, with five other sisters, established a mother house in this city August 19, 1873. This mother house was maintained here until 1893, when it was removed to Springfield, Sister Mary Agnes also going to Springfield at that time. She was for a number of years a teacher in the St. Mary's school and resided at the Sacred Heart academy during vacation periods. She leaves two sisters, Sister Vincenia of Kentucky and Sister Theophila of New York.

Funeral services will be held at 9:30 o'clock tomorrow morning in Springfield. A number of local people will probably attend the services.

PLACE CARDS; TABLE SETS

for Hallowe'en. See our window. Lane's Book Store, West State St.

WESTERN UNION IMPROVEMENTS

The Western Union Telegraph company yesterday commenced the painting of the office rooms here. This is the beginning of extensive improvements which are to be made at a cost of more than $1,200, and which when completed will add materially to the appearance and comfort of the company's local office. The new equipment, part of which is now here and the rest to arrive shortly, will include new operating desks, a new manager's table, customers' desk, combination clerk and bookkkeeper's desk, new ceiling lights, new switchboard and a new dynamo.

500 ELEGANT NEW COATS TO SELECT FROM AT HERMAN'S.

Al Douglas of Decatur was transacting business in the city Tuesday.

MARIE CONSTANT HAS MADE GREAT SHOWING

Clark Green's Wonder Mare Has Finished the Season with Fine Record of Winnings in Big Circuit Races.

Mr. and Mrs. Clark Green have returned from the racing meets they attended at Lexington, Kentucky, and Atlanta, Georgia. It was the intention to visit several more southern points but Mr. Green had reason to change his mind and left for home and the mare, Marie Constant, is expected in a few days along with her care taker.

At Lexington, Kentucky, they saw the great meet of the United States and Mr. Green in the races in which he entered his mare took fourth money the first week and third money the second. To this meet the greatest and best animals in the land are brought and it is a great event in the racing world and to take any money at all and not be distanced is a fine honor. At Atlanta, Tuesday Mr. Green took first money in three straight heats and a purse of $1,000 but Saturday he did not win.

The mare's record of races for the year have been as follows: Began at Marion, Ohio, June 27th and did not win. Started twice at Toledo, Ohio, finished second and third. Laid up five weeks owing to very hot weather. Worcester, Ohio, outside the money. Toledo, Ohio, started in two races, second in one and third in another. Columbus, Ohio, finished fourth. Goshen, Indiana, first money. South Bend, Indiana, first money. Springfield, Ill., first money in two races. Lexington, Ky., started twice, finished fourth and third. Atlanta, Ga., two races, first in one and outside the money in other. Total winnings for the season, $3,100. All the stakes were each $1,000 except four, three of which were $500 and one was $2,000. The mare started a green trotter without a record and ended with a record of 2:12¼. Mr. Green will be at home this fall and winter.

In addition to the race meets Mr. and Mrs. Green very much enjoyed many features of the trip. At Atlanta they saw Mrs. John P. Carter, formerly Miss Grace Clark, daughter of Joseph Clark, well known in this city. The lady and her husband are well pleased with their southern home and are doing well. The weather in Atlanta they found chilly, raw and disagreeable.

At Lexington they saw the noted stallion, Peter the Great, the world champion sire with forty colts to his credit, each with a record of 2:10 and better. At twenty years old he sold for $50,000, and was cheap at that as this spring he had a hundred calls for services at $1,000 each. He is a kind and gentle animal and Mrs. Green says she had the pleasure of patting him and giving him sugar. A majority of the big money winners at Lexington were sired by Peter the Great. The star performer was Mabel Trask whose winnings this year on the grand circuit were $32,570 with one more race which she won. Her record is 2:03¼. Mr. Green will soon have here for training one of Peter the Great's colts which made a mile in 2:14 as a two year old.

WINCHESTER

The Juniors will give a box social Friday evening in the grade building.

Court opened Monday morning with Judge Norman L. Jones of Carrollton on the bench. Several minor cases were disposed of.

Mr .and Mrs. Ray Fortenbach arrived Saturday from Canton to make a brief visit with Mr. and Mrs. Charles Townsend.

Mrs. George Wills and Miss Jennie Stewart were visitors here Tuesday from Alsey.

Miss Foley arrived Monday from Carrollton to assume her duties as court reporter.

Dr. L. E. Staff of Jacksonville was a visitor here uesday. He was on his way to Bluffs.

Miss Olive Rieman returned Tuesday to her home in Jacksonville after a visit with Mr. and Mrs. Thomas Kirkman.

Born, Monday, to Mr. and Mrs. C. N. Danners at their home on North Main street, a daughter.

Mr .and Mrs. Melvin Murray returned Monday from Quincy where they were guests of Mr. and Mrs. N. B. Gettys. They were brought from Jacksonville by C. N. Priest, in his Ford car.

NEVER TOO OLD TO VOTE

J. H. Dial returned yesterday from St. Elmo in the southern part of the state where he went for a brief visit with his mother, Mrs. Jemima Dial, who is now eighty three years of age. Altho she has seen so many years Mrs. Dial is still strong mentally and physically and told her son that she fully expected to vote for Charles E. Hughes for president Novembr 7. Mrs. Dial lives nearly a mile from the voting booth in her precinct and altho she has never cast a ballot before, does not want to miss this opportunity. Mrs. Dial's own mother died only four or five years ago, at that time having attained the remarkable age of 101 years.

The Overcoat Assortment of the Town

The Right Coat for Every Man
The Right Coat for Every Purpose

THE overcoat is a law unto itself. It has big work to do—no less than to "make the appearance of the man" whenever he ventures out of doors.

Each season there are leading ideas in overcoats that seem to take the nation by storm.

We pride ourselves on being students of the overcoat. We buy from houses who have not only the reputation for making overcoats right—but the right overcoats.

"THE ROBIN HOOD."Swagger back, single breaster, 3-button through—patch pockets with flaps and handy slash. No vent—split sleeve with cuff. Length 42 inches. Skeleton lined satin cape.

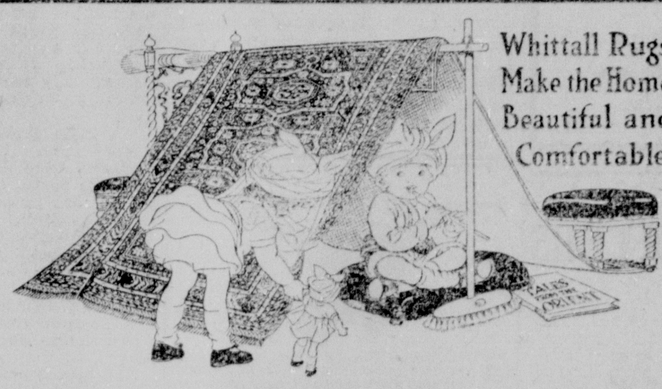

The "PINCHBACK" — You see this type of coat worn by young men who scent the coming style. The Pinchback has been a popular suit idea for some little time. Now the Pinchback overcoat is coming in.

Form fitting without belts and conservative styles — Grays, Blues, Mixtures and Fancy Patterned

AMERICAN TOBACCO IS ORDERED RELEASED

Order From Great Britain Comes Just in Time to Save Shipment From Total Loss.

Washington, Oct. 24—Release of between $2,000,000 and $3,000,000 worth of American Tobacco held at Rotterdam and Copenhagen because of failure to comply with the conditions of importation laid down by Great Britain has been ordered as a result of representations by the state department. The department announced tonight that it had been advised of the action by the British embassy, the statement adding that "officers of the department express much satisfaction over the concession given in this case."

Because of inadequate warehouse facilities, the dampness and chilliness of the atmosphere, the special brands of tobacco designed solely for use in those countries would have been almost a complete loss unless relief had been given quickly.

SEE HERMAN'S ELEGANT COLLECTION OF COATS, SUITS, DRESSES AND MILLINERY.

Mrs. E. M. Kreigh of Springfield, injured recently in an automobile accident, continues to improve and expects to leave Our Savior's hospital the last of the week.

HAVE RETURNED FROM EASTERN TRIP.

Mr. and Mrs. John G. Reynolds have returned from a three weeks visit in the east. During their absence they visited friends in Baltimore, New York City, Annapolis and Boston. They were accompanied by Mr. and Mrs. Len G. Gray of Decatur. Mrs. Gray is a sister of Mrs. Reynolds and her husband is a son of the late Byron B. Gray. Both formerly resided here. Mr. and Mrs. Reynolds report a delightful trip.

ADMINISTRATOR'S NOTICE.

Estate of Charles F. Gibbs, Deceased.

The ndersigned, having been appointed administrator of the estate of Charles F. Gibbs, late of the County of Morgan and State of Illinois, hereby gives notice that he will appear before the County Court of Morgan County, at the Court House in Jacksonville, at the December term, on the first Monday in December next, at which time all persons having claims against said estate are notified and requested to atend for the purpose of having the same adjusted.

All persons indebted to said estate are requested to make immediate payment to the undersigned.

Dated this 17th day of October, A. D. 1916.

Charles H. Gibbs,
Administrator.

Miss Anna Deters has returned from St. Louis where she spent several days as the guest of Miss Marguerite Mayer.

There is a Real Difference

Cream of tartar, derived from grapes, is used in Dr. Price's Cream Baking Powder because it is the best and most healthful ingredient known for the purpose.

Phosphate and alum, which are derived from mineral sources, are used in some baking powders, instead of cream of tartar, because they are cheaper.

If you have been induced to use baking powders made from alum or phosphate, use Dr. Price's Cream Baking Powder instead. You will be pleased with the results and the difference in the quality of the food.

SCHOOL TUITION ACT UNCONSTITUTIONAL

SUPREME COURT REVERSES RULING OF LOWER COURT ON HIGH SCHOOL LAW.

Claims It Violates Constitutional Provision That Taxation Shall Be Uniform — Many Cases Affected By Ruling — Other Decisions Handed Down By Supreme Court.

Springfield, Ill., Oct. 24.—The high school tuition act passed by the legislature in 1915 is declared unconstitutional in a decision handed down today by the Illinois Supreme Court.

The act provided for the payment by county superintendents out of the state school fund of the tuition of pupils for whom no high school facilities are provided in their home townships.

The case was brought by the board of education of school district of Vermillion county against Otis P. Haworth, county superintendent of schools to restrain him from paying certain funds as provided by the law. It was dismissed by the lower court on demurrer by the defendant. The high court reverses this decision and remands the case for further proceedings.

The court holds that the act of 1915 was an attempt to amend the existing school law by adding a new provision without incorporating the original law in the body of the amending act. The constitution provides no law can be revived or amended by reference to the title only. The court also holds that the act violates the constitutional provision that taxation shall be uniform because it compels the citizens of one township who maintain a high school to pay for the tuition of citizens of another township which has no high school.

Many cases pending in lower courts are affected by the decision.

Upholds Salaries Act.

Springfield, Oct. 24.—Judges and clerks of election in Chicago will receive $7 a day at the November election, according to a decision of the supreme court today, upholding the constitutionality of an act passed by the last general assembly increasing the salaries of these election officials from $5 to $7. John Fields brought suit against the election commissioners of Chicago and others to restrain them from paying the salaries provided.

Fields contended that the act of 1872 as amended, which provided a salary of $5 a day, had not been repealed by the later law. The supreme court held the opposite.

Denies Gas Company Petition.

Springfield, Ill., Oct. 24.—The supreme court denied the petition of the People's Gas Company of Chicago for a writ of mandamus against Judge Frederick A. Smith of the Cook County Circuit Court to compel the judge to send back to Judge Gibbons' court the case involving the 70-cent gas ordinance. The court holds that Judge Smith had the right under the rules to transfer the case to his court from that of Judge Gibbons.

Court Affirms Sentence.

Springfield, Ill., Oct. 24.—The sentence of Joseph Gordon of Chicago to an indeterminate term in the penitentiary for violation of the election laws by falsifying the returns at the general election in 1912 is affirmed by the supreme court in an opinion today. Gordon was sentenced by the criminal court of Cook county.

Ordinance Unconstitutional.

Springfield, Ill., Oct. 24.—In the case of the city of Chicago against the Chicago & Northwestern Railroad the city ordinance requiring common carriers to keep milk on ice in transit is held unconstitutional by the supreme court in a decision handed down today. The court held that the railroad had no means of knowing whether the milk was above or below the temperature required because it was put in sealed cans outside the city of Chicago.

A. T. & T. May Purchase Stock.

Springfield, Ill., Oct. 24.—The American Telephone & Telegraph company will be permitted to purchase the stock of the Interstate Independent Telephone & Telegraph company, the supreme court decided today. The case was an appeal from a decision of the Illinois Public Utilities Commission brought by Edwin Romberg of Chicago, who alleged that the purchase of the stock would mean the formation of a virtual monopoly.

Peoria Health Ordinances Upheld.

Springfield, Ill., Oct. 24.—An ordinance of the City of Peoria compelling the vaccination of children upon their entrance into the public schools is upheld by a decision of the supreme court in the case of Canada Wendell against the City of Peoria and the department of health of Peoria.

Wendell had four children in school and he brought injunction proceedings to prevent the board of health from vaccinating them.

Kate Adams Law Constitutional

Springfield, Ill., Oct. 24—The act of 1915, which gives the right to close buildings which are used for immoral purposes, and known as the "Kate Adams" law, is constitutional, according to a decision handed down in the supreme court today. Dave and Mary Miller, of Chicago, who were prosecuted under the act tested the law on the ground that it deprives a person of his property without due process of law. In holding the law valid, the supreme court says that a person is not deprived of his property if he abates nuisances after proper notice has been served.

William H. Halbert of Springfield spent Tuesday in the city calling on friends and looking after business matters.

WILL BE THE FIRST ELECTRIC BATTLESHIP

Keel Plate of the California Will Be Laid Today—Model Greater Than Any Foreign Ship.

San Francisco, Cal., Oct. 24.—The keel plate of the new battleship California, which is to be the world's first electric dreadnought, will be laid at the Mare Island Navy Yord tomorrow. The California will be a ship of innovations. There is to be little ceremony when her keel plate is laid, but the group of naval constructors and shipbuilders who will stand with bared heads as the faultlessly welded steel plate is adjusted doubtless will feel that they are witnessing no ordinary keel-laying.

In point of size the California will be greater than any foreign battleship built or building. She and her two sister ships, the Idaho and the Mississippi, will each displace 32,000 tons, almost 1,000 tons more than the new dreadnought Pennsylvania.

The California will cost $7,800,000 without her armor or armament, which is expected to cost as much more. She will have a speed of twenty-one knots an hour, will be 624 feet long, 97 feet across her beams and will draw thirty feet of water. She will carry twelve 14-inch guns, mounted three abreast in a turret, twenty-two 5-inch rapid fire guns and will have four submerged torpedo tubes.

The principal feature of the new dreadnought, however, is the machinery for propelling her by electricity. She will be driven by motors, which will deliver electricity made by steam. The equipment will consist of two 12,000-kilowatt, or 16,000 horsepower, alternating current generators, each placed on the same shaft and driven by a steam turbine operating at 2000 revolutions per minute. For operating at high speed, as when pursuing the enemy, each turbine generator will drive two propeller motors, and all the machinery will be working at full power. When cruising at moderate speed only one turbine will be required to drive all four motors, the other turbine shut down, thereby economizing steam, coal and attendance. On this basis the navy experts figure that the electric installation is cheaper than steam propulsion and reduces the weight of machinery.

The saving in space and weight will enable the vessel to carry more coal and thus have a greater operating radius, or to carry a heavier armament and become more powerful, or to have more powerful machinery and be capable of higher speed. The better economy reduces the coal required, and this again effects a still greater economy of space. The convenience of operation is due to the fact that electrical machinery is adapted to give two economical speeds and also to the ease and quickness with which the propellers may be stopped or reversed.

Outwardly the California will bring a drastic change of line and appearance to the battle fleet. Instead of the blunt gray nose of the present day big fighter her bows will be tapered into a graceful yacht-like stem much like those of the famous clipper sailing ships that carried the American flag at the head of the world's swiftest craft in the '40s and '50s.

It will be the first time since the steel ships replaced the old frigates and ships of the line that clipper stems have been seen in the fleet. Her overhanging bow will project more than twenty feet beyond her cutwater and will give place for three anchors instead of two as on the present ships. The third will hang plumb over the stem. The new bow will make her foredeck free of water in all but the heaviest weather. The fine underwater lines of the other ships, which make for speed, have been carried above the water line on the California, and her bows will be cleared near the deck line, so when she does not cut through a wave she will lift her head over it.

Some idea of the great size of the California may be had from the statement that if the battleship could be transported to a city street, it would cover more than three blocks, filling the thoroughfare completely from side to side, to the roofs of five-story buildings, with the military masts 100 feet still further in the air; or, if stood on end alongside the Washington monument in the national capital, with stem on the ground, the bow would tower 69 fet above the top of that monument.

When the new dreadnought is ready for her first trial trip, late next year or early in 1918, she promises a most interesting study for the naval experts of the world.

WARNING

"Spitting upon floors, platforms, side or steps of any railroad or railway station or railroad car, street car, or upon the floor or platform, step or walls of any public building, hall, church, theater, market, elevator, in public or private buildings, or upon any sidewalk, or upon any walk in any park or public place, is hereby declared to be a misdemeanor.

"Any person violating the provisions of this ordinance, upon conviction, shall be deemed guilty of a misdemeanor and punished by a fine of not less than one dollar, nor more than five dollars for each offence."

This ordinance will be enforced.

GEORGE P. DAVIS,
Chief of Police.

BURNED IN EXPLOSION.

Mr. and Mrs. Lloyd Moss of Joy Prairie are suffering from burns about the face and hair as a result of an explosion of acetylene gas. A generator, stationed in the cellar, was not working properly and Mr. and Mrs. Moss went to investigate, taking a lantern with them. Dr. A. E. Obermeyer of Arcadia was called and at last account the patients were resting well.

What Good Judgment Will Do for You

Good judgment and hard strife placed us in a position to become sole agents in Morgan county for the largest and best clothes makers in the world.

Hart Schaffner and Marx

You know who they are and what kind of clothes they make; you know there is nothing better; you know they guarantee every garment in every respect.

Your good judgment causes you to know this.

TELEGRAPHIC BRIEFS

— Is That Fact Responsible for His Old Age. —

WICHITA, KANSAS, OCT. 24.—John Muhleine, 106 years old is dead. He was a bachelor.

— Will Exchange Interned Prisoners Over 45 Years. —

LONDON, OCT. 24.—Baron Newton, under-secretary for foreign affairs, announced in the house of lords today that the British and German governments had agreed to exchange all interned prisoners over the age of 45.

— Former Circus Woman Killed By Street Car. —

INDIANAPOLIS, IND., OCT. 24.—Mrs. Pearl Jones, who in her younger days as Katie LaPearl, was a sensational bareback rider in the leading circuses, was struck and killed by a street car today. She was about fifty years old.

— Attack of German Seaplanes Is Repulsed. —

LONDON, OCT. 24.—A British naval aeroplane on Oct. 23 attacked four German seaplanes over the Belgian coast off Ostend and succeeded in destroying one of the machines and chasing the others away, the British admiralty announced today.

— Instructed To Watch for Bodies of Storm's Victims. —

TOLEDO, O., OCT. 24.—All vessels leaving this port were given instructions today to keep a sharp lookout for bodies of victims of last Friday's storm on Lake Erie. Incoming vessels last night reported Lake Erie literally strewn with wreckage.

— Bethlehem Steel Shoots Upward 44 Points. —

NEW YORK, OCT. 24.—Bethlehem Steel superseded United States steel and all other stocks in speculative interest on the stock market today rising 44 points to the new high record of 629 during the first half hour's trading. This exceeds previous record by 25 points.

— Joliet Convict Makes Daring Attempt To Escape. —

JOLIET, ILL., OCT. 24.—William Gills, a convict, made a daring attempt to escape from Joliet penitentiary today. He was captured after scaling the walls when guards fired several shots at him. Gills was sentenced from Cook county on charges of robbery in 1914.

— Sentenced for Violation of Mann White Slave Act. —

OTTUMWA, IA., OCT. 24.—Charles Feagins, a Davis County, Iowa, farmer, was sentenced to a ter mof one year and eight months in the federal prison at Leavenworth, Kan., by Federal Judge Martin J. Wade this afternoon on the charge of conspiracy to violate the Mann white slave act.

— Ground Broken for Large Music Building. —

CHAMPAIGN, ILL., OCT. 24.—Ground was broken at the University of Illinois today for the construction of what is claimed to be the largest music building connected with any American university. The building which is to cost $250,000, is the gift of Captain Thomas J. Smith, a veteran of the Civil war and for many years a member of the Champaign County Bar.

— Uniformed Policemen Must Salute Flag in Pittsburgh. —

PITTSBURGH, PA., OCT. 24.—Uniformed policemen must hereafter recognize the Stars and Stripes with a salute whenever seen on parade, according to the duty manual for 1916 issued by the department of public safety and just made public. The object of the rule is to inspire in the police a livelier spirit of patriotism.

— Employes Appeal to Wilson Against Adamson Law. —

DULUTH, MINN., OCT. 23.—Employes on railroads having division points here express confidence, based upon figures available today, that they will have between 6,500 and 7,000 names on petition from 80 per cent of employes not included in the Adamson law, to send to President Wilson as an appeal against that law.

— Table Ware Advances in Price Twenty Per Cent —

EAST LIVERPOOL, O., Oct. 24.—Many potteries engaged in the manufacture of tableware today notified their customers of a general advance of twenty per cent in selling prices. Continued advance in the price of all things entering into the manufacture of pottery, including a wage increase of ten per cent last week is assigned as the cause of the new price.

— Some Difference Between Dancing and Working. —

CHICAGO, OCT. 24—"I've got an injured leg and I can't work," said John Sander before Judge Trudeya, charged with non-support. "Yes, but you seem to be able to dance all night long," interposed his wife. "Ah, but between dancing and standing on my feet all day long, there's a world of difference," returned Sander. "Guilty," said the judge and postponed sentence until Oct. 28.

— Two Trainmen Killed in Railroad Wreck. —

CHEYENNE, WYO., OCT. 23.—Two trainmen were killed and several passengers reported slightly injured when U. P. Limited No. 7, west bound, collided with a freight train near Bushnell, Neb., late last night. The dead: John W. Crawford, fireman of Cheyenne; W. A. Moore, brakeman, of Cheyenne. John Ulrich, also of Cheyenne, was severely scalded. Three cars of the passenger train overturned.

— Twenty Seek Appointments As Lumber Experts. —

WASHINGTON, OCT. 24.—Examinations of twenty candidates for appointment as government experts to go to Europe to study the market for lumber after the war were completed today. Five are to be appointed at salaries ranging from $5,000 upward. The examinations were conducted by officials of the government and lumber associations. The appointees are to remain abroad for two years.

— Inspect Rock Island Arsenal. —

DAVENPORT, IA., OCT. 24.—Newton D. Baker, secretary of war, and Brigadier-General William Crozier, chief of ordnance of the United States army, are inspecting the Rock Island arsenal today and discussing plans for the new buildings and improvements authorized by congress. Buildings costing several millions of dollars will be erected at the arsenal next year and the old plans will be extensively remodelled.

— May Cut Milk Bill By Saving Delivery —

NEW YORK, Oct. 24.—As compensation for the recent increase in the price of milk, plans were announced today by which consumers who are willing to carry the milk home will be able to buy it for two cents a quart less than the price now charged for milk delivered in bottles. The state commissioner of food and markets said that the Dairymen's League was arranging to place milk on sale at butcher shops for eight cents a quart and that the price might be even lower.

— Eastern Sportsman Meets Death in Hydroaeroplane. —

PHILADELPHIA, OCT. 24.—Alexander Brown, the widely known polo player of this city, fell from his hydroaeroplane into the Delaware river at Essington below this city today and was drowned. Brown's flight was to have been his last in a test for a license. Brown was about 100 feet up when the hydroaeroplane was seen to careen and fall into the water near the New Jersey shore. Attaches of the aviation school rushed in a speedy motor boat to the spot but only the tips of the wings of the machine were visible. The machine was raised and Brown was found wedged tightly between stanchions. Efforts to revive him failed. Brown was about 40 years old and is survived by a widow.

— Army Officers Testing New Armor-Piercing Bullet. —

NEW YORK, OCT. 24.—Army officers who have observed the tests of the new armor-piercing bullet now in progress at the Sandy Hook proving grounds are enthusiastic over the results. The bullet is of only .30 calibre and can be fired from the regulation army Springfield rifle. At a distance of fifty yards the projectile ploughed thru a sheet of steel threeed behind the steel plate. It is believed thtat one of the new bullets could quarters of a ninch thick and then penetrated a silhouette target plantbe fired clear thru from ten to twenty men standing in a row. The bullets are tipped with a piece of steel encased in lead which acts as a lubricant when the bullet strikes steel and thus aids penetration. It is pointed out that the great value of the bullets will be against troops hiding in houses or behind other protections.

—SINCLAIR—

J. C. Swain has begun to husk corn.

Ralph Wain is sick.

Mrs. Carl Bourn and your scribe visited Mrs. Henry Yancy of Yatesville one day last week.

The church people have finished hauling the crushed rock for the basement of the new building.

The automobile parade was a show here the 18th. The air was full of music. Chin music was the one most indulged in.

Gordon McNeal of Florida came in with his family of seven children to stay for the winter. He is a son-in-law of Jacob Stockton.

Mrs. Dug Harris had a bad accident. She caught a nail in her ring and tore the flesh from the bone of her finger.

Thomas Brown fell in some way and tore the ligaments from his instep and is very painful. He will be laid up for some time.

Dr. Taylor of Ashland was a professional visitor here Monday.

Arthur Swain shipped two loads of cattle and one of hogs to Chicago.

CIVIC LEAGUE MEETING.

Attention is called to the meeting of the civic league at the library building at 2:30 p. m. today. Reports from the state convention and other important matters will be before the meeting.

MURRAYVILLE.

ACIDS IN STOMACH SOUR THE FOOD AND CAUSE INDIGESTION

"Pape's Diapepsin" Fixes Sour, Gassy Upset Stomachs in Five Minutes

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can surely get relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapepsin, then you will understand why dyspeptic troubles of all kinds must go, and why it relieves sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapepsin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach misery and indigestion in five minutes.—Adv.

FRANKLIN

Mrs. Wm. Reed of Greenfield is visiting her daughter, Mrs. Marshall Violett.

Misses Chattie Duncan and Maude Anderton spent the week end with Mr. and Mrs. Claud Duncan of Jacksonville.

Mrs. J. B. Perkins, who has been a patient at the Passavant hospital for two weeks returned home Monday.

Mrs. Albert Alderson of Waverly vicinity spent Saturday night and Sunday with her grandparents, P. A. Spurgis and wife.

Mrs. Ida Nelson returned to her home in St. Louis Saturday, after spending a week here with her mother Mrs. Margaret Bracewell, who is ill.

Theron Wright, who holds a position at the Insane Hosiptal at Bartonville, is visiting his parents, Mr. and Mrs. A. H. Wright.

J. W. Ward and wife of Beardstown visited over Sunday with Lora Seymour and family.

Bert Sitton and wife of Island Grove spent Sunday with her parents, Mr. and Mrs. Jas. Tribble.

WAVERLY

Waverly, Ill., Oct. 24.—Mr. Chas. Moulton of Salem Springs, Ark., was in town Saturday visiting relatives and friends.

R. M. Chiles of Palmyra was in the city last Sunday.

T. M. Six spent the day Saturday in Jacksonville visiting his sister Mrs. Clarence Miller.

Mrs. Kate Wheeler, who has been visiting with the Misses Lombard for three weeks, went to Springfield Sunday where she will spend the winter with her son.

Mrs. Merle Richardson returned home Sunday from Springfield where she had been visiting with relatives.

A. L. Hamilton of Springfield was a visitor in this city last Sunday.

Mrs. David Martin of Auburn came yesterday to see her daughter, Mrs. Jas. Woods, who is quite sick.

Grover Hart spent Sunday in Springfield.

RHEUMATISM IS PAIN ONLY, RUB IT AWAY

Instant Relief From Pain, Soreness, Stiffness Follows a Rubbing with "St. Jacob's Oil."

Stop "dosing" rheumatism.

It's pain only, not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacob's Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain and distress. "St. Jacob's Oil" conquers pain! It is a harmless liniment which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints muscles and bones; stops sciatica, lumbago, backache, neuralgia and reduces swelling.

Limber up! Get a small trial bottle of old-time, honest "St. Jacob's Oil" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.—Adv.

We teach watches to tell the truth

If your watch can't be depended upon bring it in and let our expert repair man put it in first class condition.

Jewelry made to look like new.

No charges unless we do.

Schram's

Mrs. T. H. Stone returned home Sunday after being a patient at the Passavant hospital for the past two weeks.

Irvin Coulson and Chester Williams purchased several head of calves in the vicinity of Arenzville last Tuesday.

Harry Mathews of Exeter threshed for Harmon Rahe last Wednesday.

Clyde and Wilbur Williams were business visitors to Merritt last Thursday.

Willis J. Ethel of King City, Mo., is visiting relatives and friends here.

Mrs. Lizzie Anderson of Chapin is visiting her daughter, Mrs C. E. Drake this week.

Mr. and Mrs. Elmer Coulson and sons of Chapin were visiting relatives in this vicinity Sunday.

K. C. LECTURE COURSE.

Jacksonville Council, No. 868, Knights of Columbus, are arranging a special lecture course to extend thru the winter months. The first number, the Stratford Operatic Co., will appear Nov. 20. The course will be given for the benefit of the parochial school improvement fund.

The second number will be the Kuehn concert party. The numbers which will appear later in the season include the Mendelssohn Sextette, a singing and dancing company, and the Castle square entertainers. All are high class attractions and the course will be well worth the time and attention of anyone. The entertainments will be given in Liberty hall.

ANOTHER OLD HORSE GONE.

his owner wh oappreciated what the S. M. Henderson died of old age yesterday at Mrs. Henderson's farm, between Chapin and Concord. "Old Nick" was 31 years of age, black and a useful, reliable family horse. He had been on the retired list for a time and was kindly cared for by his owner wh oappreciated what the faithful animal had done for him in the 20 years he had owned him.

When but a year old the horse was bought by R. B. Wallace of William Nash and kept ten years and then sold to Mr. Henderson who has since owned him. Mr. Henderson doesn't know who first owned him nor what stock he was, but he was a good, serviceable animal.

BANKERS HELP DRINKING MEN

There are more bankers financially interested in the Neal work and more men are helped and influenced to take the Neal Three-Day Treatment by bankers than by any other class of men. Ask the advice—help, if necessary—of your banker.

If as a banker you have not advised that valued customer whose assets and health are "slipping away," or helped the unfortunate neighbor who needs your help, call or address the Neal Institute, Springfield, Ill., phone 6868, for full information and private references to many bankers who have.

60 Neal Institutes in Principal Cities

NEVER smoke—a patented lock flame-spreader automatically prevents the flame from creeping up.

There is no odor—the drum of this heater acts the same as the "Long Blue Chimney"—no dust, no ashes.

Regulator on top of drum sends heat straight up or outward into the room as desired.

Window in front makes it easy to see and regulate flame—no easy-to-break mica in window but substantial fine brass gauze.

The Perfection Smokeless Oil Heater is simple to rewick; besides a wick with reasonable care lasts a season.

Holds one gallon of kerosene. Indicator shows how much is in the reservoir.

Any good kerosene will give satisfaction, but for best results use Perfection Oil.

Perfection Smokeless Heater is 25 inches high and 12 inches in diameter, finished in polished steel or blue enamel, with trimmings of black Japan or nickel.

Price varies from $4.00 to $7.25, according to finish. Look for the triangle trade mark.

Sold by all reliable dealers.

Rayo Lamps give that soft, mellow light which enables you to read without eye strain. Get one.

BETHLEHEM STEEL MAKES SENSATIONAL RISE

Stock Shoots up 44 Points to New Record of 629—General Motors Also Hits New High Point.

New York, Oct. 24.—The approach of the presidential election and attention paid to political considerations were accepted as the most plausible reasons for the irregularity of today's later dealings in the stock market after a forencon of decided strength.

Prices yielded one to two points from their best, declines being effected on comparatively light offerings. The last half of the session was characterized by frequent intervals of lassitude, trading from midday to the close barely amounting to one third of the total of 1,260,000 shares.

Quotations were at lower levels in the last hour, but rallied substantially before the end, when leather and paper shares as well as petroleums and obscure rails were in urgent demand.

Bethlehem steel was the outstanding feature of the morning, rising 44 points to the new record of 629, but closing at 616.

General Motors also scored a new maximum at 837 and American Beet, Cuba cane and Cuban-American sugars were listed to record quotations together with Central Leather, Utah Copper and Consolidated Gas and Electric of Baltimore.

Equipment and munition issues were less prominent than usual. Aside from its wonted leadership as to activity, United States Steel pursued a comparatively normal and narrow course making a net decline of 1¼ after a temporary advance of a fraction. Standard rails reflected previling speculative sentiment.

Continued irregularity of the bond market was traceable to further selling of internationals, especially Anglo-French 5s. Total sales of bonds par value $6,570,000.

United States bonds were unchanged on call.

HOGS SHOW STRENGTH IN PRINCIPAL MARKETS

Chicago, Oct. 24.—A good general demand today gave strength to the hog market. Cattle offerings were unattractive. Holders of sheep and lambs refused to make concessions notwithstanding that the arrivals were above expectations.

Chicago Livestock Market.

Hogs: Receipts, 32,000. Market weak at 5c above yesterday's average. Bulk, $10.00@10.35; light, $9.75@10.40; mixed, $9.80@10.45; heavy, $9.80@10.45; rough, $9.80@9.95; pigs, $7.50@9.60.

Cattle: Receipts 14,000. Market weak. Native beef cattle, $6.70@11.50; western steers, $6.20@9.50; stockers and feeders, $4.75@7.75; cows and heifers, $3.40@9.50; calves, $7.00@11.60.

Sheep: Receipts, 25,000. Market firm. Wethers, $7.00@8.25; ewes, $3.75@7.30; lambs, $8.25@10.50.

St. Louis Livestock Market.

Hogs: Receipts, 13,000. Market 10c higher. Lights, $10.00@10.40; pigs, $8.75@9.75; butchers, $9.90@10.45; heavy, $10.40@10.45; bulk, $10.00@10.40.

Cattle: Receipts, 8,400. Market steady. Steers, $7.50@11.00; steers and heifers, $8.50@11.15; cows, $5.50@7.50; feeders, $5.30@7.50. Calves, $6.00@10.50.

Sheep: Receipts, 2,500. Market steady. Lambs, $7.00@10.65; ewes $5.00@7.25; breeding ewes, $8.50@9.50; yearlings, $8.00@8.75; ewes $3.75@7.25.

Omaha Livestock Market.

Hogs: Receipts, 8,400. Market steady. Heavy, $9.70@10.00; light, $9.80@10.15; pigs, $8.50@9.50; bulk, $9.55@9.85.

Cattle: Receipts, 11,500. Market steady. Steers, $6.75@10.60; cows and heifers, $5.85@7.35.

Sheep: Receipts 24,000. Market steady. Yearlings, $7.00@7.75; wethers, $6.50@7.50; lambs, $9.90@10.10.

Kansas City Livestock Market.

Hogs: Receipts, 16,000. Market 5 to 10c higher. Bulk, $9.85@10.25; heavy, $10.15@10.30; light, $9.75@10.25; pigs, $8.75@9.50.

Cattle: Receipts 23,000, including 600 southerns. Market steady. Steers $6.00@11.00; cows, $4.50@7.25; heifers, $5.75@9.25; calves, $6.00@10.00.

Sheep: Receipts 15,000. Market steady to 10c lower. Lambs, $9.90@10.40; yearlings, $7.50@8.50; wethers, $7.00@8.00; ewes, $6.50@7.25.

WHEAT PRICES CONTINUE ADVANCE

Chicago, Oct. 24.—Huge export sales of wheat caused prices today to advance to an extent that made any previous quotations since the beginning of the European war look cheap. The market closed strong 1⅞ to 4½c net higher, with December at $1.78⅞ to 1.79⅛ and May at $1.78½ to 1.78¾. Other leading staples, too, all scored gains—corn 1⅝c to 2⅛c, oats 1⅛ to 1⅜c, and provisions 7c to $1.40. Bulges in the value of wheat were preceded by a weak start and by a serious of nervious fluctuations before the market in the last hour of the session took the upgrade in earnest.

Highest quotations of the season were registered, not only for wheat but also for the entire grain list. In connection with the immense sale of wheat to Europe the fact was pointed out that primary receipts in the United States today were less than half as large as a year ago.

Corn borrowed most of its strength from wheat. Country offerings of new corn were larger, but it was feared that rain would delay the movement.

Oats advanced in sympathy with other grain, and because of big export sales. The amount of oats taken today by Europe was estimated at 1,000,000 bushels.

Speculative buying led to excited upturns in the provision market. There were intimations of large export orders being filled but the rumors were not confirmed. Offerings proved unusually scarce.

(Furnished by Jas. E. Bennett Co.)

MURRAYVILE SCHOOLS IN GOOD CONDITON

Directors Have Made Generous Building Provisions—Fortunate in Instructors.

One of the flourishing, wide-awake communities in this county is Murrayville with a number of progressive citizens who believe in advancement and improvement and this is reflected in the public schools of the town. The rising generation in that place has been fortunate in having school boards who saw the real needs of the work and were willing to supply them. And now, without any reflection on any one but only with commendation, it may fairly be said also that much of the progress made by the Murrayville schools has been due to the long and faithful services of J. H. Dial, who was retained by the directors as long as he wished to stay. He did much to build up and bring to a high standard the schools of the place and left esteemed and regretted. His mantle has fallen on worthy shoulders in the person of F. J. Harney, the present superintendent who found things in good order and will strive to keep them so. This gentleman has had fine experience in teaching having had important positions in other places in the county and discharging his duties in all cases to the satisfaction of all concerned. Mr. Harney has taken hold of the Murrayville schools in a manner that shows he means to maintain the already high standard he found and to add new improvements whenever they suggest themselves or can be discovered by him.

The high school is accredited now and holds its place among the similar institutions in the state. It has a basket ball team, a literary society named after or in honor of the retiring superintendent, has a good outfit of appliances and material for work. The young and rising generation is so increasing in numbers that sooner or later a new school building or an addition to the present one will be needed and it will come in due time.

The young people of Murrayville take a just pride in their school and that is well for when pupils work because they want to instead of being obliged to study their progress is much better.

The writer had the pleasure recently of a visit to the high school and found the pupils there intent on their work, polite and agreeable and tolerant of the slow speech and short comings of the guest who told them something of the great land which occupies such a large part of European territory. It is a genuine pleasure to talk to such bright and interesting young people and feel that the words one utters are comprehended and enjoyed It was a matter of sincere regret that lack of time prevented a visit to the lower grades but their turn will come next. They will keep on faithfully and in due time will also be high school pupils, take part in the programs of the literary societies and in general stand along with the best in the land.

The directors are J. E. Osborne, John Warcup and David Mawson.

The instructors and pupils are:

F. J. Harney, sup't.; Miss Besse G. Hart, principal; Elwin R. Clemmons, ass't. principal.

Students

12th grade—Dewey Mutch, Geo. Kennedy, Guy Smith, Willard Westner, Grace Clark, Mary Burke, Thelma Dunniway, Alma Jennings, Gertrude Johnson, Jane Wright.

11th grade—Amelia Lamb, Cecil Thady, Faye Ketner, Mary Clark, Marie Burns, Florica Short, Harriet Cox, Thomas Koyne, Robert Osborne, Leo Connelly

MOTHER! DON'T TAKE CHANCES IF CHILD'S TONGUE IS COATED

If Cross, Feverish, Sick, Bilious, Clean Little Liver and Bowels.

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour.

Look at the tongue, mother! If coated or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages, and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."—Adv.

—CONCORD—

Mrs. Mary Filson of Chapin returned home Sunday after visiting her daughter, Mrs. Charles E. Rexroat, who is convalescing after quite an indisposition.

Miss Gertrude Stainsforth, our efficient principal of Concord school, was in St. Louis Saturday on business.

Mrs. Wm. T. Hamilton of Pontiac visited Mrs. Caldwell and family not long since.

Miss Irma Cox is improving after quite a painful illness.

Mrs. Della Rexroat of Macomb visited her parents, Mr. and Mrs. Louis Rexroat, recently and assisted during the illness of her mother, who we are pleased to hear is improving nicely.

Miss Sara Frances Deitrich of the I. W. C. spent the week end at the home of her parents, Mr. and Mrs. George Deitrich.

Lloyd Smith was an Arenzville business caller Monday.

The good people of the Christian church were unfortunate in unfavorable weather conditions for their "sale" at O. T. Harris, but report a good attendance and sales for the day.

Glenn E. Caldwell left Sunday for Quincy to run from there to Galesburg, then to Peoria for the coming week.

Mr. and Mrs. Henry Williamson returned Thursday from a visit with Robert Merrill and family.

George F. Lewis was in Jacksonville on business Monday morning.

J. O. Kennedy of Arcadia was in Concord Thursday on business.

Robert Willard is running out of Rushville at present.

Miss Anna Roach was indisposed Monday afternoon. We are sorry to hear.

Miss Carrie Johnson of Chapin returned to her home Friday after visiting her sister, Mrs. L. F. Bayles and family.

Mrs. John McGinness of Jacksonville returned home Friday after visiting her mother, Mrs. Mary Ator, who has not been her usual active self for some time.

Austin Smith transacted business in Jacksonville Saturday afternoon.

Carl Reutschler and son of Galesburg came down on Friday for a short visit to his parents, Mr. and Mrs. G. W. Reutschler, and other relatives.

R. E. Abernathy, C. O. Bayless, O. T. Hamm, M. O. Smith and Bert Way, committee on arrangements for the Christian church sale, met on Saturday afternoon to check up the sales made. The total amount of property handled was $1701. A large per cent of this was horses, cattle, sheep and machinery, etc., handled on commission. There were five loads of corn, a load of oats, seed corn, potatoes and other articles too numerous to mention that was donated. The net proceeds totaled over $320, the exact amount not being given to your reporter. A good social time was had and a splendid program was rendered in the evening at the church.

Phillip Braner had the misfortune to fall while driving cattle out in a timber pasture on Saturday afternoon and his left leg was broken. He has the sympathy of his many friends.

R. E. Abernathy went to Mt. Sterling on Tuesday morning to sell a bunch of Poland China hogs for Adam Ashbaker. He was accompanied by Bert Way.

Mr. Ambrose and family moved to the farm of A. G. Brockhouse west of here.

Miss Ethyl Plank returned Saturday evening from Versailles, where she had been on a visit.
